Von Baudissin, 2017-10-12 Excerpt from Life in a German Crack Regiment Though widely known as the author of various  
military sketches and stories of a more or less light and humorous turn in the present case Baron von Schlicht shows little  
trace of his characteristic vein Here rather he devotes himself seriously to making what is in effect a detailed and apparently  
dispassionate expose in regard to the manners and morals of officers of the old nobility in the German army The indignation  
aroused against him is all the greater as he himself belongs to the old nobility which he so freely criticises and he has the  
further advantage of speaking from inside knowledge of the officers caste officers caste to which he himself belonged during  
his military career Lieutenant Bilse wrote from outside this circle of the old nobility thus Baron von Schlicht's work fills a gap
