

A high-angle, wide shot of a post-apocalyptic city. A winding river flows through a dense, green forest that has reclaimed the urban landscape. Several tall, modern skyscrapers are visible, their upper floors and spires partially obscured by thick vines and foliage. The scene is captured in a cinematic style with soft, natural lighting. In the foreground on the left, a tree branch with green leaves frames the view. The title 'LIFE AFTER PEOPLE' is written in large, bold, white, sans-serif capital letters across the lower half of the image. Below it, the words 'THE SERIES' are written in a smaller, similar font, flanked by two horizontal white bars.

*Becoming Divine* M. David Litwa, 2013-10-30 Some have called it the essence of sin others the depth of salvation Regardless of one's evaluation of it however deification throughout Western history has been a part of human aspiration From the ancient pharaohs to modern transhumanists people have envisioned their own divinity These visionaries include not only history's greatest megalomaniacs but also mystics sages apostles prophets magicians bishops philosophers atheists and monks Some aimed for independent deity others realized their eternal union with God Some anticipated godhood in heaven others walked as gods on earth Some accepted divinity by grace others achieved it by their own will to power There is no single form of deification indeed deification is as manifold as the human conception of God but the many types are united by a set of interlocking themes achieving immortality wielding superhuman power being filled with supernatural knowledge or love and through these means transcending normal human or at least earthly nature

**Awareness of Mortality** Jeffrey Kauffman, 2021-07-11 All of us who work in the field of death and dying are beyond our projects and our practices working on our awareness of our own mortality This richly stimulating collection of original articles challenges the reader to develop a disciplined and focused awareness of his/her own mortality and to grapple with the implications Awareness of Mortality contributes to the basic and passionate intellectual quest for meaning in thanatology It provokes the reader with a wide range of ideas and thinking styles to deepen the questioning process within his/her own self Awareness of Mortality explores issues in philosophy ethics developmental psychology psychoanalytic

psychology idealistic humanism sociology spiritual traditions and other humanities that thanatology overlaps Awareness of Mortality is an introduction to a broad based philosophical thanatology     Unbreak Your Health Alan E.
