

### CAUTION

Some of this car are assisted in operation by a servo which will only operate when the engine is running. Pressure on the brake pedal is required as when the Servo is not in action. Always keep the car in neutral with the engine running.

### IMPORTANT BRAKES

Factory braking from high speeds your car is equipped with pads which are manufactured of a hard, low coefficient of friction.

Satisfactory results it is important that careful attention be given to the following points during the first 1,000 miles.

In the case of emergency, avoid heavy braking. Frequent use of the brakes before the friction pads are worn will result in damage being caused to the friction pads.

Application of the brakes is desirable to the brake friction pads before the normal wear is reached and the car operated at high speeds, efficiency will be required.
