Economic Developments In India : Monthly Update, Volume -2 Analysis, Reports, Policy Documents Editors : Raj Kapila & Uma Kapila, 1998 Modern Catholic Social Documents and Political Economy Albino F. Barrera, 2001-08-09 As western economies have moved from feudalism to industrialism to the information age Catholic social thought has kept pace responding to the economic realities of the day Linking Catholic social teaching with modern economic theory Albino F Barrera examines the changing political economy embedded within the moral theology and social justice documents issued by the Church during the last hundred years Barrera discusses the evolution of Catholic social teachings from scholastic thinking on the concept of the just price to a modern emphasis on the importance of a living wage As the conduct of economic life according to traditional custom and common law has given way to institutional and impersonal market forces these teachings have moved from a preoccupation with personal moral behavior to an intense scrutiny of the structures of society Amidst these changes the Church s social documents have sought to address systemic shortcomings as a means of promoting the common good through economic justice Barrera also looks ahead to the challenges posed by a postindustrial society characterized by a global knowledge based economy arguing that Catholic social thought will likely shift its focus from advocacy of the living wage to demands for greater equality of socioeconomic participation Written for scholars and students of economics theology and political science interested in religious social thought this book bridges the gap between moral theology and economic theory Economics and Contemporary Issues Michael R. Edgmand, Ronald L. Moomaw, Kent W. Olson, 1998 Taking a current issues approach to
