Canadian Books in Print 2002 Marian Butler, 2002-02 **Costing of Health Care Services in Developing Countries** Steffen Fleßa, 2009 The process of health care reforms must be based on demographic epidemiological and economic evidence if it is to achieve the fundamental target of affordable sustainable and efficient health care services for the entire population Consequently costing of health care services has become a frequently used element of health care reforms This book presents the essentials of costing in a health economic framework and gives examples from successful costing studies done by the author in Tanzania Vietnam and Burkina Faso Based on these examples it demonstrates the importance of costing information for the planning and decision making process in the field of budgeting resource allocation setting an insurance premium and strategic planning The main message of this book is that costing of health care services is a valuable instrument in the fight for better health for all **Statements on Management Accounting** National Association of Accountants, 1991 **A History of Management Accounting** Trevor Boyns, J. R. Edwards, 2013 There is growing interest in the history of accounting amongst both accounting practitioners and accounting academics This interest developed steadily from about 1970 and really took off in the 1990s However there is a lack of texts dealing with major aspects of accounting history that can be used in classrooms to inform new researchers and to provide a source of reference for established researchers The great deal of research into cost and management accounting in Britain published in academic journals over the last twenty years including the authors own contributions makes The History of Cost and Management Accounting an essential contribution to the field **Managerial Accounting** Jerry J. Weygandt, Donald E. Kieso, Paul D.

Kimmel, 2012 Weygandt Managerial Accounting 6th Edition gives students the tools they need to succeed whether as accountants or in other career paths. The authors present the fundamental concepts of managerial accounting in an easy to understand fashion in a decision making framework for a one semester undergraduate managerial accounting course. With an expanded emphasis on student learning, Weygandt Managerial Accounting 6th Edition demonstrates how invaluable management accounting information is to business decision making. The author team of Weygandt, Kimmel and Kieso provide students with pedagogy that helps develop decision making skills so students can be successful as future business professionals. The decision making pedagogy, easy to understand writing style and quality end of chapter material have been the hallmark features that have made Managerial Accounting by Weygandt, Kimmel and Kieso one of the most popular books for this course. Real World Emphasis: the authors continue the practice of using numerous examples from real world companies in chapter openers and in the Management Insight boxes. Accounting Across the Organization gives students business context by showing how people often in non accounting functions use accounting information to make decisions. Expanded Emphasis Service Company prepares students for work in the service industry market and shows that accounting is relevant to both service and manufacturing companies. Do IT Exercises teach students how to apply their knowledge quickly after they've learned it. Comprehensive Homework Material: each chapter concludes with Self Test Questions, Questions Brief Exercises, Do IT Review Exercises and Problems. Broadening Your Perspective Section is designed to help develop students' decision making and critical thinking skills. New to this Edition: Use of Current Designs: kayak making company introduced in new Chapter 1 Feature Story and is the basis for new Broadening Your Perspective problem. Presents managerial accounting situations that are based on the operations of a real company: People Planet and Profit. Insight Boxes featuring sustainability approaches of real companies. New Broadening Your Perspective problem: Considering People Planet and Profit which requires students to consider examples of real cases such as the costs associated with an oil refinery accident versus the costs of improving safety work conditions. New Wiley Managerial Accounting Videos use real successful companies to demonstrate and reinforce managerial accounting concepts. New easy to read spreadsheet illustrations improve readability as well as comparability to Excel. Bloom's taxonomy codes added to Brief Exercises, Do IT Review Exercises and Problems for quick assessment categorization. Updated End of chapter homework material.
