the present day all of which constitute biographical elements but do not reduce *The Obama in You* to a biographical work My story as recounted in this book would not be complete if I did not mention some of the people who have touched and uplifted me both in my country and elsewhere as I continue to trace my steps in the arduous but exciting journey of life Of course Obama is one of them This book is an homage to all these amazing persons It is my fervent hope that after reading it mentors and potential mentors will see the need to or continue to lend a helping hand to the younger generation especially those who aspire to higher heights and who won't hesitate to steep themselves in activities that will make them grow and cause their stars to shine brilliantly
