Middleware Technology Lab Manual:

Proceedings of the European Test and Telemetry Conference ettc2022 The European Society of Telemetry, 2022-10-14
The way we prepare and analyse tests has evolved as well as the way we perform and conduct those tests. However, we all concluded that the face to face exchange could not be replaced by any digital event. The ettc2022 was the first in person telemetry event since the outbreak of the pandemic in 2020. The conference presented a dense technical program of more than 40 high quality papers merged in the Conference Proceedings. As always, you could find the latest and most promising methods here but also hardware and software ideas for the telemetry solutions of tomorrow.
