in heritage tourism and educational programs Crafting Preservation Criteria sets out these preservation criteria for students explaining how they got added to the equation and elucidating the test cases that allowed for their use From artworks to churches from the fifty year rule to the historic scene students will learn how places have been historically evaluated to be placed on the National Register and how the criteria evolved over time      **Guidelines for Local Surveys** ,1992      *A Guide to State Historic Preservation Programs* National Trust for Historic Preservation in the United States.
