Nationalism Marxism And African American Literature Between The Wars:

Nationalism, Marxism, and African American Literature Between the Wars Anthony Dawahare, 2003 Evaluating the great impact of Marxism and nationalism on black authors from the Depression era Anthony Dawahare argues that the spread of nationalist ideologies and movements between the world wars did guide legitimate political desires of black writers for a world without racism But the nationalist channels of political and cultural resistance did not address the capitalist foundation of modern racial discrimination

Theatre, Globalization and the Cold War Christopher B. Balme, Berenika Szymanski-Düll, 2017-06-05 This book examines how the Cold War had a far reaching impact on theatre by presenting a range of current scholarship on the topic from scholars from a dozen countries They represent in turn a variety of perspectives methodologies and theatrical genres including not only Bertolt Brecht Jerzy Grotowski and Peter Brook but also Polish folk dancing documentary theatre and opera production The contributions demonstrate that there was much more at stake and a much larger investment of ideological and economic capital than a simple dichotomy between East versus West or socialism versus capitalism might suggest Culture and theatrical culture in particular with its high degree of representational power was recognized as an important medium in the ideological struggles that characterize this epoch Most importantly the volume explores how theatre can be reconceptualized in terms of transnational or even global processes which it will be argued were an integral part of Cold War rivalries

 Timo Müller, 2018-08-02 Some of the best known African American poems are sonnets Claude McKay's If We Must Die
 Countee Cullen's Yet Do I Marvel Gwendolyn Brooks's First fight Then fiddle Yet few readers realize that these poems are
 part of a rich tradition that formed after the Civil War and comprises more than a thousand sonnets by African American
 poets Paul Laurence Dunbar Jean Toomer Langston Hughes Margaret Walker and Rita Dove all wrote sonnets Based on
 extensive archival research The African American Sonnet A Literary History traces this forgotten tradition from the
 nineteenth century to the present Timo Müller uses sonnets to open up fresh perspectives on African American literary
 history He examines the struggle over the legacy of the Civil War the trajectories of Harlem Renaissance protest the tensions
 between folk art and transnational perspectives in the thirties the vernacular modernism of the postwar period the cultural
 nationalism of the Black Arts movement and disruptive strategies of recent experimental poetry In this book Müller examines
 the inventive strategies African American poets devised to occupy and reshape a form overwhelmingly associated with
 Europe In the tightly circumscribed space of sonnets these poets mounted evocative challenges to the discursive and
 material boundaries they confronted **Pragmatism and Poetic Agency** Ulf Schulenberg, 2021-11-18 Pragmatism is a
 humanist philosophy In spite of the much debated renaissance of pragmatism however a detailed discussion of the
 relationship between pragmatism and humanism is still a desideratum It is difficult to understand the complexity of
 pragmatism without considering the significance of humanism At least since the 1970s humanism mostly in its liberal version
 has been vehemently attacked and criticized In pragmatism however a particular understanding of humanism has persisted
 Bringing literary studies philosophy and intellectual history together and establishing a transatlantic theoretical dialogue
 Pragmatism and Poetic Agency endeavors to elucidate this persistence of humanism Schulenberg continues the thought
 provoking argument he developed in his previous two monographs by advancing the idea that one can only grasp the unique
 contemporary significance of pragmatism when one realizes how pragmatism humanism anti authoritarianism and
 postmetaphysics are interlinked If one appreciates the implications and consequences of this link then one is in a position to
 see pragmatism's antifoundationalist and antirepresentationalist story of progress and emancipation as continuing the
 project of the Enlightenment **African-American Literature** Paul Q. Tilden, 2003 Having its origins in the slave
 narratives and the folktales transmitted orally during that period the literature of the African American has been rich and
 varied Beginning with the first published work of fiction Clotel Or the President's Daughter in 1853 continuing under the
 influence of W E B Du Bois during the first part of this century and reaching a flowering during the Harlem Renaissance
