Management 4th South African edition Don Hellriegel, John W. Slocum, Susan E. Jackson, Trevor Amos, HB Klopper, Lynette Louw, Matheus Louw, Theuns Oosthuizen, Sandra Perks, Gavin Staude, Stan Zindiwe, 2012-07-12 Management 4e is an introductory text that provides internationally accepted management theories within the framework of South African and southern African organisational practices **Introduction to Health Services Management** S. W. Booyens, 2008 Ideal for all students studying first level health services management this invaluable all in one resource describes the environmental factors that affect health services policy and planning the organization of services at the macro and micro level and other issues such as staff absenteeism and management **Accounting theories, practices, education and human capital formation trends**, 2025-09-15 This book aims to provide empirical and conceptual insights into contemporary accounting theories practices education and approaches adopted to advance human capital formation in the discipline Although new accounting practices have emerged in the modern world conceptual and empirical research that provides a holistic comprehensive understanding of these evolutions and human capital approaches used to promote capabilities formation in accounting remains scarce Contemporary research often focuses on developing a framework for integrating accounting practices while coverage of human capital development is limited Instead research strands on accountancy and human capital are growing separately without a comprehensive empirical and conceptual framework for integrating the two concepts Insights on accounting practices and human capital developments are necessary for building a holistic understanding of the two concepts and working towards adopting an interdisciplinary approach The findings in this book seek to advocate for the need to develop highly skilled generations who may meet the requisite accounting and financial capabilities required in the modern global economy This book adopts both conceptual and empirical methods to address the gap in the literature on the need for research that focuses on human capital formation in the accounting and finance discipline It contributes an interdisciplinary perspective on the intersectionality between accounting practice and the human capital formation of individuals who possess the requisite knowledge **Positive Psychological Intervention Design and Protocols for Multi-Cultural Contexts** Llewellyn Ellardus Van Zyl, Sebastiaan Rothmann Sr., 2019-06-11 This volume presents innovative and contemporary methodologies and intervention protocols for the enhancement of positive psychological attributes in multicultural professional and organizational contexts Most methods models and approaches that underpin positive psychological interventions are confined to clinical samples closed systems or monocultural contexts which restrict their applicability to particular contexts Extensive practical intervention protocols designs and methods which usually accompany first draft intervention papers are condensed into brief paragraphs in final manuscripts or removed in their entirety This in turn reduces their potential for replicability or adoption by consumers practitioners or industry This volume develops guidelines for enhancing positive psychological attributes such as positive moods e g positive affect life

satisfaction strengths e g gratitude humour cognitions e g hope optimism and behaviours e g emotional regulation positive relationship building within various multicultural contexts Thereby it shows how positive psychology interventions can be replicated to a wide range of contexts beyond those in which they were developed Entrepreneurship in the BRICS Ndivhuho Tshikovi, Fulufhelo Netswera, Ravinder Rena, 2024-10-14 Entrepreneurship is a tool of innovation promotion that supports sound economic environments as it stimulates economic growth and development The BRICS nations i e Brazil Russia India China and South Africa are a group of emerging countries comprising the highest developmental block of the emerging nations It is imperative to assess the entrepreneurship policies strategies and promotional programmes and their implications for among others entrepreneurship funding economic growth and employment trends The COVID 19 pandemic has impacted the entrepreneurship environment and equally steered state funding priorities away from entrepreneurship development support worldwide This research book assesses the effect that COVID 19 has had on government funding priority policy interventions and resultant implications on the entrepreneurship environment economic growth and employment with a focus on BRICS Readers will gain insight into what entrepreneurship looks like in the BRICS context and how it has been affected by COVID 19 indicating how the BRICS nations are likely to move forward to further strengthen entrepreneurship This edited volume will be of interest to researchers academics practitioners and advanced students in the fields of entrepreneurship innovation strategy international relations multilateralism and economic development

International Journal of Economics and Business Studies Siddhartha Sarkar, **The AMA Handbook of Project Management** Paul C. Dinsmore, Jeannette Cabanis-Brewin, 2006 The authoritative guide to project management completely revised to meet the accelerating pace of today's project environment Fresh Perspectives: Human Resource Management : UJ Custom Publication, 2009 Creating Opportunities for Change and Organization Development in Southern Africa Dalitso Samson Sulamoyo, 2012-12-01 This book takes the position that successful OD applications in cross cultural settings are predicated on the ability of OD experts to localize them for purposes of suiting local conditions and context Cultural frameworks have been utilized by global OD experts to understand the general cultural settings of environments in which they are working and applying OD techniques However the complexities of culture within organizations communities and countries may not always be understood within these cultural frameworks and models Assumptions of culture based or reliant on models alone can impede the successful applications of OD The author discusses the role of cultural translations of OD techniques within a southern African context It examines the approach of western consultants in a southern African environment as well as the approach of local southern African consultants as they interact with western developed OD applications in their own local environments The book uses three methods for conveying the opportunities and experience of OD in southern Africa research practitioner point of view and storytelling The author recognizes the works of renowned African scholars in the field of management as well OD practitioners carrying out innovative and pioneering work in southern

Africa Their work may not have had much exposure in the West however their contributions to the field of management should be recognized OD is discussed in this book as an opportunity for change and development for southern African countries that are in democratic transitions post conflict environments and on a path of development The future of OD is explored within the context of economical global and political emerging issues The time is right for change and development in southern Africa with OD as the driving force
