Management Information Systems Charles S. Parker, Thomas Case, 1993 This second edition has retained the clear easy to read writing style and managerial perspective of the previous edition The book employs two important themes throughout The strategy theme focuses readers on information systems goals and the action theme emphasizes the roles of people in information systems balancing technical issues with managerial issues I Series Stephen Haag, James T. Perry, Amy Phillips, 2002 The I Series Applications textbooks strongly emphasize that students learn and master applications skills by being actively engaged by doing These texts have been written with clear error free and unambiguous steps to accomplish tasks that lead to a finished document worksheet or database table The authors made the decision that teaching how to accomplish some task is not enough for complete understanding and mastery Prior to introducing steps the authors discuss why the steps students are about to experience are important and what role the steps play in the overall plan for creating a document workbook or database
