Matriarchy Redux The Ins And Outs:

Matriarchy Redux Dov Ivry, 2014-12-29 These are excerpts from the beginning I write books on the Matriarchal Revolution This is my sixth non fiction on that topic It is actually the companion to the fifth book Matriarchy Redux Off The Deep End My thesis is that the wrong sex is running the planet running it into the ground actually and that has to be changed This will take a revolution It won t happen today or tomorrow or for a very long time but if you don t start talking about it it won t happen at all Of the two sexes woman is the only one with a track record of success having brought us from the caves to civilization singlehandedly without violence They ll display the same level of managerial competence in the future New types of societies require new types of people It s a chicken and egg situation but I think it is clear that the egg comes first the stimulus This has happened time and again throughout history Lewis Mumford The human personality may produce an effect out of all proportion to its physical powers just as a tiny seed crystal dropped into a saturate solution may cause the whole mass to assume a similar crystalline form This casts a further light on the means by which a new type of personality Confucian Buddhist Christian Mohammedan Marxist gathers to itself sufficient powers to overcome the normal resistances to wholesale change that every society exhibits At moments of crises where the roads to disintegration or to development separate as on a watershed a single decisive personality or a small group of informed and purposeful men may by a slight push determine the direction and movement of an otherwise uncontrollable mass of conflicting social forces At such moments not a single institution or group but a whole society will be involved in a change far beyond its ordinary capacities for adaptation The point to observe is that what science calls nature or the external world is partly a projection of the human personality Instead of beginning with the nature and eliminating as far as possible the operations of the personality we must begin with the human personality Since the type of people who will make the Matriarchal Revolution do not yet exist I am really writing for no one in particular among the living But that too is par for the course in this kind of enterprise Thomas Carlyle Every new opinion at its starting is precisely a minority of one In one man s head alone there it dwells as yet In promoting revolution you are very much like the guy who sold Jack seeds for a magic beanstalk in return for his cow except that you are not asking anyone for his cow and you can t prove that the seeds will grow the magic beanstalk Leaving aside national uprisings and rebellions of that sort in most cases those promoting fundamental change in society out of the blue are offering rewards to the individual such as a chance to get rich quick or an extended life of ease in another galaxy Upheavals happen but the big picture doesn t change humanity continues its slide to oblivion The only honest offer I can make is the by now prosaic blood sweat and tears You have to appeal to rationality but the issues are anchored in the irrational and language doesn t go there Essentially all you can do with your seeds is pollinate even though you will never see what takes root But as we Canadians learn from a young age you can t score unless you shoot Committed Christians believing Muslims and Orthodox Jews should not proceed into my books on this subject Religion is the enemy and it is in the crosshairs

Matriarchy is based on mother right The society is built to revolve around the needs of mothers Feminism for the past half century has been focused on the slaughter of the unborn Feminists also have nothing to seek here They would not gain admittance to the matriarchal movement *The Matriarch* Witi Ihimaera, 2013-07-24 In keeping with his commitment to revisit his first five pieces of fiction Witi Ihimaera has reworked the original text of this much loved classic The matriarch is a woman of intelligence wit beauty and ruthlessness and has become a mythical figure through her fight to repossess the land and sustain her people against the ravages wrought by the Pakeha Priestess of the Ringatu faith she has been virtually a law unto herself In his search for the truth behind the legends surrounding the matriarch his grandmother Tama Mahana delves deeper and deeper into Maori history and lore to understand the mysterious sources of her power and ambition Witi Ihimaera's prose is at turns lyrical and spare sensuous and savage Weaving fact with fiction this remarkable odyssey into New Zealand history is a novel of stunning imaginative power Also available as an eBook Winner of the Wattie Book of the Year 1986 Runner up for the Commonwealth Writers Prize 1987 Witi Ihimaera's uncompromising masterwork A profound and spellbinding character study New Zealand Herald

Comedy and Feminist Interpretation of the Hebrew Bible Melissa Jackson, 2012-07-26 This book explores the Hebrew Bible for evidence of comedy and further asks how reading the Hebrew Bible through a comic lens might positively inform feminist interpretation The exploration is conducted with a number of Hebrew Bible narratives all of which prominently involve female characters *Regent Redux* Steven D. Carter, 1996 Tells the story of a remarkable man who against his will and largely against his knowledge lived through what we now regard as the final decline of the ancient nobility in Japan *Fiction Catalog* H.W. Amazons in America Keira V. Williams, 2019-03-06 With this remarkable study historian Keira V Williams shows how fictional matriarchies produced for specific audiences in successive eras and across multiple media constitute prescriptive solution oriented thought experiments directed at contemporary social issues In the process *Amazons in America* uncovers a rich tradition of matriarchal popular culture in the United States Beginning with late nineteenth century anthropological studies which theorized a universal prehistoric matriarchy Williams explores how representations of women centered societies reveal changing ideas of gender and power over the course of the twentieth century and into the present day She examines a deep archive of cultural artifacts both familiar and obscure including L Frank Baum's *The Wizard of Oz* series Progressive era fiction like Charlotte Perkins Gilman's utopian novel *Herland* the original 1940s *Wonder Woman* comics midcentury films featuring nuclear families and feminist science fiction novels from the 1970s that invented prehistoric and futuristic matriarchal societies While such texts have at times served as sites of feminist theory Williams unpacks their cyclical nature and in doing so pinpoints some of the premises that have historically hindered gender equality in the United States Williams also delves into popular works from the twenty first century such as Tyler Perry's *Madea* franchise and DC Comics Warner Bros globally successful film *Wonder Woman* which attest to the ongoing presence of matriarchal ideas and their capacity for

combating patriarchy and white nationalism with visions of rebellion and liberation Amazons in America provides an indispensable critique of how anxieties and fantasies about women in power are culturally expressed ultimately informing a broader discussion about how to nurture a stable equitable society **The Fiction Magazine** ,1982 **Matriarchy**

Redux: Off the Deep End Dov Ivry,2014-12-04 The book begins like this This book is about the Matriarchal Revolution It is my fifth non fiction book on the subject Here I go off the deep end Not that very many have heard about this And even fewer are interested But all that is to be expected Revolutions are not made in an instant They appear after generations as the poet Heinrich Heine explains it I don t have to rush for readers Posthumously will do fine Heinrich Heine Take note of this you proud men of action You are nothing but the unconscious handymen for the men of thought who often in humblest quiet have prescribed with the utmost precision all your actions Maximilien Robespierre was nothing but the hand of Jean Jacques Rousseau the bloody hand that drew forth from the womb of time the body whose soul Rousseau had created No I am not comparing myself to Rousseau I am neither a philosopher nor an academic just a shit disturber I happen to be a Jew who learned of the Holocaust 50 years ago after buying a book by Primo Levi at a bookstore at the university where I hung out for a year or two and asked the question What in hell is going on here One gets nowhere by fighting the last war so I answered my question with a question after a considerable period What can be done about it My conclusion was that the wrong sex is running the planet and it has to be fixed This will take a revolution and that falls within the realm of the possible This is not to be accomplished through violence only counter violence as needed I always warn committed Christians believing Muslims and Orthodox Jews that they should not proceed into my books on this subject I have nothing against them personally but religion is the enemy and it is in the crosshairs Matriarchy is based on mother right The society is built to revolve around the needs of mothers Feminism for the past half century has been focused on the slaughter of the unborn Feminists also have nothing to seek here They would not gain admittance to the matriarchal movement I devoted my last book The Sovereign Sex to how to smash the caste system on this planet Women were assigned to an inferior caste 2 000 years ago and there is no playbook on how to break a caste I have no problem learning from early feminists as I did in this case On the other hand there are only two kinds of creatures who lust for human blood whom I deem worthy of attention The first are vampires and the second are people who work at blood donor clinics Vampires are imaginary but entertain those who enjoy escapist fiction and blood donor clinics save lives Simone de Beauvoir Even when her rights are legally recognized in the abstract long standing custom prevents their full expression in the mores Men and women can almost be said to make up two castes In this book I intend to concentrate on how the future Matriarchy can get control of language I ve talked about language generally elsewhere but here I am going to get down and dirty into how to fix the plumbing from where the shit hits the fan that is words that debase women Yeah it s possible Anything is achievable if you do the research obtain the facts and then suggest viable actions You have first to understand poetry which I do The word going to the laundry is cunt It took a modern day

feminist to draw attention to the problem the kind I normally avoid But then even if anyone had wanted to discuss this issue in earlier days they would never have gotten past the censorship Germaine Greer I tried to take the malice out of it I wanted women to be able to say it Ah it didn't work And now in a way I'm sort of perversely pleased cause it meant that it kept that power When you win you celebrate When you lose you rationalize I'm not being critical That is human nature But it remains for others to try try again Vanity Fair ,2002-12 Downeast Gigi Georges,2022-06-07 In Downeast Gigi Georges follows five girls as they come of age in one of the most challenging and geographically isolated regions on the Eastern seaboard Their stories reveal surprising truths about rural America and offer hope for its future It's almost impossible not to care about these fierce young women and cheer for their hard won successes Kirkus in this heartfelt portrait and worthy tribute Publishers Weekly Nestled in Maine's far northeast corner Washington County sits an hour's drive from the heart of famed and bustling Acadia National Park Yet it's a world away For Willow Vivian Mckenna Audrey and Josie five teenage girls caught between tradition and transformation in this remote region it is home Downeast follows their journeys of heartbreak and hope in uncertain times creating a nuanced and unique portrait of rural America with women at its center Willow lives in the shadow of an abusive drug addicted father and searches for stability through photography and love Vivian a gifted writer feels stifled by her church and town and struggles to break free without severing family ties Mckenna is a softball pitching phenom whose passion is the lobster fishing she learned at her father's knee Audrey is a beloved high school basketball star who earns a coveted college scholarship but questions her chosen path Josie a Yale bound valedictorian is determined to take the world by storm All five girls know the pain and joy of life in a region whose rugged beauty and stoicism mask dwindling populations vanishing job opportunities and pervasive opioid addiction As the girls reach adulthood they discover that despite significant challenges there is much to celebrate in the valley of the overlooked Their stories remind us of the value of timeless ideals strength of family and community reverence for nature's rule dignity in cracked hands and muddied shoes and the enduring power of home Revealed through the eyes of Willow Vivian Mckenna Audrey and Josie Downeast is based on four years of intimate reporting The result is a beautifully rendered emotionally startling and vital book Downeast will break readers hearts yet offer them hope providing answers to what the future may hold for rural America The Library Journal ,1997 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Index to Dance Periodicals** ,1991 **New York** ,2007 **Rooms with No View** Ethel Reed Strainchamps,1974 The North American Review James Russell Lowell,Charles Eliot Norton,Henry Adams,Allen Thorndike Rice,Lloyd Stephens Bryce,George Brinton McClellan Harvey,Joseph Hilton Smyth,Robert Dana,Robley Wilson,Vicente F.
