Malignant Narcissism Lauren Kozlowski, 2019-07 Malignant narcissism is a psychological disorder that's an extreme mix of narcissism antisocial behavior aggressiveness and sadism It has all of the characteristics of narcissism but it takes them to the extreme I suffered at the hands of a malignant narcissist for seven years I was emotionally tortured by his nasty venomous words his hateful behavior towards me and his sadistic enjoyment of anything that upset me For years I was under his control systematically beaten down to the point where I had no perception of reality or self worth I was a shell of a human I wrote this book as a resource for anyone else who is suffering at the hands of a malignant narcissist I want to offer not only healing words but also guide you through understanding the disorder in order to better help you deal with it The book includes chapters on Explaining what malignant narcissism is Translating the language of a malignant narcissist Discussing if a narcissist can ever change The dangers of a malignant narcissist The traits in you that the narcissist saw as prey Trauma bonding Escaping the narcissist Through this book there are also stories from other survivors scattered between chapters These real life experiences from those who've had to endure malignant narcissism serve to offer you some familiarity Hearing the tales of

others can give you inspiration and courage when you need it most To beat the narcissist you need to know the narcissist and that s where this book comes in
