

Marzano Focused School Leader Evaluation Model

MARZANO
Evaluation Center

DOMAIN 1

A Data-Driven Focus on School Improvement

Element 1:

The school leader ensures the appropriate use of data to develop critical goals focused on improving student achievement at the school.

Element 2:

The school leader ensures appropriate analysis and interpretation of data are used to monitor the progress of each student toward meeting achievement goals.

Element 3:

The school leader ensures the appropriate implementation of interventions and supportive practices to help each student meet achievement goals.

DOMAIN 2

Instruction of a Viable and Guaranteed Curriculum

Element 1:

The school leader provides a clear vision for how instruction should be addressed in the school.

Element 2:

The school leader uses knowledge of the predominant instructional practices in the school to improve teaching.

Element 3:

The school leader ensures that school curriculum and accompanying assessments align with state and district standards.

Element 4:

The school leader ensures that school curriculum is focused on essential standards so it can be taught in the time available to teachers.

Element 5:

The school leader ensures that each student has equal opportunity to learn the critical content of the curriculum.

DOMAIN 3

Continuous Development of Teachers and Staff

Element 1:

The school leader effectively hires, supports and retains personnel who continually demonstrate growth through reflection and growth plans.

Element 2:

The school leader uses multiple sources of data to provide teachers with ongoing evaluations of their pedagogical strengths and weaknesses that are consistent with student achievement data.

Element 3:

The school leader ensures that teachers and staff are provided with job-embedded professional development to optimize professional capacity and support their growth goals.

Marzano And School Nurses

Lesley S. J. Farmer

Ruebling, 2006 **The SAGE Guide to Educational Leadership and Management** Fenwick W. English, 2015-01-29 The SAGE Guide to Educational Leadership and Management allows readers to gain knowledge of educational management in practice while providing insights into challenges facing educational leaders and the strategies skills and techniques needed to enhance administrative performance This guide emphasizes the important skills that effective leaders must develop and refine including communication developing teams coaching and motivating and managing time and priorities While being brief simply written and a highly practical overview for individuals who are new to this field this reference guide will combine practice and research indicate current issues and directions and choices that need to be made Features Benefits 30 brief signed chapters are organized in 10 thematic parts in one volume available in a choice of electronic or print formats designed to enable quick access to basic information Selective boxes enrich and support the narrative chapters with case examples of effective leadership in action Chapters conclude with bibliographic endnotes and references to further readings to guide students to more in depth presentations in other published sources Back matter includes an annotated listing of organizations associations and journals focused on educational leadership and administration

and a detailed index This reference guide will serve as a vital source of knowledge to any students pursuing an education degree as well as for individuals interested in the subject matter that do not have a strong foundation of the topic

The Pyramid Approach George Woodrow Jr.,2014-10-08 This book explains why virtually all children can achieve proficiency or higher And it gives educators the tools to help them achieve those levels of learning The notion that schools are waiting for Superman or Wonder Woman to rescue them is at best a fantasy and at worst damaging to schools and school systems that advance this type of flawed thinking This is why in this book the reader will be encouraged to embrace the concept that only through building effective teams collective instructional leadership will schools begin to realize their stated goal educate all students It may take a village to raise children but it takes collective instructional leadership to educate them This book takes great care to ask the questions that policymakers educators parents students and the larger community want answered Can you handle the truth Why is team leadership needed How do campuses improve their team dynamics What methods do high performing nations use to excel What strategies really work in high poverty schools Where do American schools rank on the rigor scale What is trust and how is it developed What are campus learning disabilities How do beliefs about human capacity affect student achievement levels What methods motivate students to work hard What do we really mean when we say All children can learn The Pyramid Approach was designed by Dr George Woodrow Jr for use by educators The Pyramid is research based it aligns theory with professional practice In addition it strives to take what we know and provide a practical framework to effectively apply that same knowledge in ways that promotes student achievement The Pyramid Approach calls attention to the need for a systematic framework that recognizes the interconnectedness among research methods

Why America's Public Schools Are the Best Place for Kids Dave F. Brown,2012 Despite measured success of American public schools the media politicians and big business attack public schools and their teachers with inaccuracies that threaten the equal opportunities provided by public education Research indicates that No Child Left Behind charter schools and vouchers do not improve students learning or help educators teach better The book provide reasons to support American public schools and educators Provided by publisher *Collaborating with Administrators and Educational Support Staff* Lesley S. J. Farmer,2007 Discusses how to collaborate with different levels of administration and key service personnel such as technology directors reading specialists special education educators pupil services personnel and physical health and co curricular personnel Concludes with ways of measuring the impact of collaboration and improving literacy and provides suggestions for becoming a collaborative leader
