Mutare Nursing Training:

Ministry of Health and Child Welfare Training Programmes, Institutions and Addresses, 1994 *African nurses and everyday work in twentieth-century Zimbabwe* Clement Masakure, 2020-12-15 Informed by the memories of African nurses this book highlights the experiences of men and women who provided nursing services in Zimbabwe's hospitals in the twentieth century. It argues that in their subordinate positions and within their various capacities nursing assistants, nursing orderlies, medics and qualified nurses African women and men played a pivotal role in the provision of healthcare services to their fellow Africans. They transformed hospital spaces into their own, reshaped and reformulated indigenous as well as western nursing and biomedical practices. Through their work African nurses contributed to the development of the nation by being at the bedside, healing the sick and nursing the infirm.

The SADCC Handbook of Post-secondary Training Institutions, 1992 *Giving Through Teaching* Joyce J. Fitzpatrick, Cathleen M. Shultz, Tonia D. Aiken, 2010-06-04 *Giving Through Teaching* presents compelling stories of nurse educators and their students who have given their time, talents, skills and resources to make the world a better place. Sharing stories from more than 70 nurse educators, this unique book inspires nurses to continue the work of their peers and to tell their own stories. Highlighting the efforts of U.S. nurse educators both at home and abroad, from areas devastated by Hurricane Katrina to Iraq, the text showcases the diversity of the nursing profession itself. This collection of stories also examines how the knowledge and expertise of nurse educators can help to improve health care standards and achieve the United Nations UN Millennium Development Goals (MDGs) such as improving maternal health and combating HIV/AIDS, malaria and other diseases. A must-have book for current and future generations of nurse educators, *Giving Through Teaching* explores global and U.S.-based education partnerships with stories of nurses working to improve schools, hospitals and communities around the world. Helps readers build interpersonal relationships with others. Includes stories from nurse educators who have been honored by their peers, including Legends of the American Academy of Nursing and recipients of the International Council of Nurses International Achievement Award. Will contribute funds raised from book sales to scholarships for future nursing students through the NLN Foundation. NLNF

The Catholic Directory of Southern Africa, 1988 *A Woman's Choice* Sonnie Choto, Cynthia Hind, 1994 *African Pastor-Teachers* Dr. John Wesley Zwonunondiita Kurewa, 2018-05-15 African Christians who believe the half truth that Christianity in Africa is the product of European and American missionary work need this book. Dr. John Kurewa explores Methodist history in Africa, focusing on the early years of United Methodism in Zimbabwe (1890s-1920s). He reveals it was Africans who led the way in propagating the gospel. Missionaries strategized but African preachers evangelized. So-called native helpers took the gospel to the rural areas and planted the churches, especially in the villages. Kurewa also reveals that in the course of serving the gospel in the African context, indigenous spiritual leaders crafted and modeled a distinctive form of pastoral leadership: the African pastor-teacher that proved sustainable and fruitful then and is relevant still today.
