

## SHADOWBORN

THE MAN TOOK OFF HIS HOOD. WHERE I HAD EXPECTED A face, there was nothing. Darkness and shadow were all that I saw. And from that shadow there came a voice.

— Kaelen Frostblade, *Shadows in the Forest*

Shadowborn are an extremely rare and unknown breed. They are living shadows, taking a roughly humanoid form of continually shifting darkness. They often appear cloaked or masked in order to seem less intimidating or hide their true appearance. Their form is constantly flowing and morphing, but the overall shape appears the same. They constantly emit shadow, overpowering light sources. Occasionally, these beings will have glowing eyes, which are the only forms of light that pierce this darkness. Many are hunted down or chased out of towns, believed to be evil spirits.

### SHADOWBORN TRAITS

**Ability Score Increase.** Your Constitution and Charisma scores increase by 1.

**Age.** Most shadowborn are between 100 and 500 years old.

**Creature Type.** You are a humanoid.

**Alignment.** As shadowborn are morphing in both appearance and voice, most shadowborn tend towards chaotic alignments. Many join with dark wizards or powerful entities such as devils or liches in order to manipulate their substance even further.

**Size.** Your size is Medium. Shadowborn become taller and thinner the more angry or aggressive they become, or whenever they wish to intimidate someone. This makes them up to 1.5 feet taller.

**Speed.** Your walking speed is 30 feet.

**Languages.** You speak Abyssal, and can understand Common, but not speak it.

**Telepathy.** Without the assistance of magic, you can't speak the non-Abyssal languages you know. Instead, you use telepathy to convey your thoughts. While speaking in Abyssal, you have the magical ability to transmit your thoughts mentally to willing creatures within 120 feet of yourself. A contacted creature doesn't need to share a language with you to understand your thoughts, but it must be able to understand at least one language. Your telepathic link to a creature is broken if you and the creature move more than 120 feet apart, if either of you is incapacitated, or if either of you mentally breaks the contact (no action required).

**Tortured Sight.** You can only see in shades of black and grey. In any direction you look, shadows will emit from your being. These factors give you a permanent -1 to all perception checks unless made in total darkness.

**Darkvision.** You have superior vision in dark and dim conditions. You can see in dim light within 60 feet of you as if it were bright light, and in darkness as if it

were dim light. You have advantage on all perception checks made in the dark.

**Possessive Figure.** After collecting enough magical energy inside of yourself, you may possess the clothing/armor you are wearing for 1D4 hours. This is represented by the following benefits:

**Incorporeal.** You have advantage on death saving throws, and you have resistance to piercing and slashing damage. You are immune to disease. You don't need to eat, drink, or breathe, however, consumables such as potions do not grant you any effects.

**Mysterious Form.** All hit rolls made against you are done with disadvantage. You don't need to sleep, and magic can't put you to sleep.

**Threatening Aura.** You know the *thasmaturgy* cantrip. When you reach 5th level, you can cast the darkness spell once with this trait and regain the ability to do so when you finish a long rest. Constitution is your spellcasting ability for these spells.
