Long Time Leaving Dispatches From Up South:

Long Time Leaving Roy Blount, Jr., 2009-01-16 I left the South in search of the Enlightenment I m pro choice in favor of gay marriage and against creationism and the war in Iraq But both my parents people are deep Southern from many generations and I spent a little over a third of my life including the presumably most formative years toilet training through college living in the South Mathematically that makes me just about exactly as Southern as the American people 34 percent of whom are Southern residents But it goes deeper than math my roots are Southern I sound Southern I love a lot of Southern stuff and when my Northern local paper announces a festival to celebrate the spirit of differently abled dogs I react as a Southerner I believe I care as much about dogs feelings as anybody It is hard for me to imagine that a dog with three legs minds being called a three legged dog A sly dry hilarious collection of essays his first in more than ten years from the writer who according to The New York Times Book Review is in serious contention for the title of America s most cherished humorist This time Blount focuses on his own dueling loyalties across the great American divide North vs South Scholarly raunchy biting and affable ol Roy takes on topics ranging from chicken fingers to yellow dog Democrats to Elvis s toes And he shares experiences chatting with Ray Charles rounding up rattlesnakes watching George and Tammy record meeting an Okefenokee alligator also named George or Georgette imagining Faulkner s tennis game and being swept up sort of in the filming of Nashville His yarns analyses and flights of fancy transcend all standard shades of Red Blue and in between Roy on language Remember when there was lots of agitated discussion of Ebonics pro and con I kept waiting for someone to say that if you acquire white English you can become Clarence Thomas whereas if you acquire black English you can become Quentin Tarantino Roy on eating The way folks were meant to eat is the way my family ate when I was growing up in Georgia We ate till we got tired Then we went Whoo and leaned back and wholeheartedly expressed how much we regretted that we couldn t summon up the strength right then to eat some more Roy on racism Anybody who claims not to have a racist bone in his or her body is at best preracist and has a longer way to go than the rest of us Blount s previous books have included reflections on a Southern president Jimmy Carter a novel about a Southern president Clementine Fox a biography of Robert E Lee a celebration of New Orleans a memoir of growing up in Georgia and the definitive anthology of Southern humor Long Time Leaving is the capper Maybe it won t end the Civil War at last but it does clarify or aptly complicate divisive delusions on both sides of the longstanding national rift It s a comic ode to American variety and also a droll assault on complacency North and South a glorious union of diverse pieces reshaped and expanded into an American classic from one of the most definitive and esteemed humorists of our time

Long Time Leaving Roy Blount, Jr., 2009-01-01 In this acerbic eminently quotable book humorist Roy Blount Jr focuses on his own dueling loyalties across the great American divide Scholarly raunchy biting and affable Blount takes on topics ranging from chicken fingers and yellow dog Democrats to Elvis s toes while sharing some experiences of his own chatting with Ray Charles meeting an Okefenokee alligator imagining Faulkner s

tennis game and being swept up sort of in the filming of Nashville His yarns analyses and flights of fancy transcend all standard shades of Red Blue and in between Blount s sidesplitting irreverent musings may not end our tacit Civil War at long last but they do clarify or aptly complicate divisive delusions on both sides of the long standing national rift Long Time Leaving is a comic ode to American variety and a droll assault on complacency both North and South from one of the most definitive and esteemed humorists of our time **Consuming Identity** Ashli Quesinberry Stokes,Wendy

Atkins-Sayre,2016-11-02 Southerners love to talk food quickly revealing likes and dislikes regional preferences and their own delicious stories Because the topic often crosses lines of race class gender and region food supplies a common fuel to launch discussion Consuming Identity sifts through the self definitions allegiances and bonds made possible and strengthened through the theme of southern foodways The book focuses on the role food plays in building identities accounting for the messages food sends about who we are how we see ourselves and how we see others While many volumes examine southern food this one is the first to focus on food s rhetorical qualities and the effect that it can have on culture The volume examines southern food stories that speak to the identity of the region explain how food helps to build identities and explore how it enables cultural exchange Food acts rhetorically with what we choose to eat and serve sending distinct messages It also serves a vital identity building function factoring heavily into our memories narratives and understanding of who we are Finally because food and the tales surrounding it are so important to southerners the rhetoric of food offers a significant and meaningful way to open up dialogue in the region By sharing and celebrating both foodways and the food itself southerners are able to revel in shared histories and traditions In this way individuals find a common language despite the divisions of race and class that continue to plague the South The rich subject of southern fare serves up a significant starting point for understanding the powerful rhetorical potential of all food **The 50 Funniest American Writers** Andy
