Medical Laboratory Science By Ochei:

Medical Laboratory Science Ochei Et Al, 2000 **Lipid Management** Hussein Yassine, 2015-03-03 This timely concise title provides an important update on clinical lipid management Using information from recent clinical trials and in special populations the book begins by offering an easy to read overview of LDL HDL and triglyceride metabolism and the genetics of lipid disorders The link between inflammation and lipids and how this relates to atherosclerosis development is also addressed as are the measures of subclinical atherosclerosis in patients with abnormal lipid levels Lipid abnormalities in children with a particular focus on vulnerable populations with an emphasis on ethnicity and childhood obesity are covered The treatment goals and approaches for managing lipids in the clinic are thoroughly discussed emphasizing the important role of statin use and addressing controversies of lipid management in special populations such as heart failure end stage kidney disease and fatty liver disease Of special note an important update on how new HIV medications impact lipid levels is provided In all *Lipid Management From Basics to Clinic* is an invaluable handy resource for understanding changes in lipids in different populations and for sharpening the clinical approach to managing complicated lipid cases Public Health Disasters: A Global Ethical Framework Michael Olusegun Afolabi, 2018-08-27 This book presents the first critical examination of the overlapping ethical sociocultural and policy related issues surrounding disasters global bioethics and public health ethics These issues are elucidated under the conceptual rubric Public health disasters PHDs The book defines PHDs as public health issues with devastating social consequences the attendant public health impacts of natural or man made disasters and latent or low prevalence public health issues with the potential to rapidly acquire pandemic capacities This notion is illustrated using Ebola and pandemic influenza outbreaks atypical drug resistant tuberculosis and the health emergencies of earthquakes as focal points Drawing on an approach that reckons with microbial existential and anthropological realities the book develops a relational based global ethical framework that can help address the local anthropological ecological and transnational dynamics of the ethical issues engendered by public health disasters The book also charts some of the critical roles that relevant local and transnational stakeholders may play in translating the proposed global ethical framework from the sphere of concept to the arena of action This title is of immense benefit to bioethics scholars public and global health policy experts as well as graduate students working in the area of global health public health ethics and disaster bioethics

Compendium of Histology Anders Rehfeld, Malin Nylander, Kirstine Karnov, 2017-09-07 This book has been designed to help medical students succeed with their histology classes while using less time on studying the curriculum The book can both be used on its own or as a supplement to the classical full curriculum textbooks normally used by the students for their histology classes Covering the same curriculum as the classical textbooks from basic tissue histology to the histology of specific organs this book is formatted and organized in a much simpler and intuitive way Almost all text is formatted in bullets or put into structured tables This makes it quick and easy to digest helping the student get a good overview of the

curriculum It is easy to locate specific information in the text such as the size of cellular structures etc Additionally each chapter includes simplified illustrations of various histological features The aim of the book is to be used to quickly brush up on the curriculum e g before a class or an exam Additionally the book includes guides to distinguish between the different histological tissues and organs that can be presented to students microscopically e g during a histology spot test This guide lists the specific characteristics of the different histological specimens and also describes how to distinguish a specimen from other similar specimens For each histological specimen a simplified drawing and a photomicrograph of the specimen is presented to help the student recognize the important characteristics in the microscope Lastly the book contains multiple memo boxes in which parts of the curriculum are presented as easy to remember mnemonics *Impact of Heavy Metal Toxicity On Aquatic and Human Life* ALKESH SHAH, Transboundary Animal Diseases in Sahelian Africa and Connected Regions Moustafa Kardjadj,Adama Diallo,Renaud Lancelot,2019-11-27 This book primarily focuses on the African Sahel region shedding new light on the epidemiology socio economics clinical manifestations and control approaches of transboundary animal diseases TADs in this specific region In addition to the description of TADs in Sahelian Africa and connected regions several issues regarding the burden of TADs the role of national regional international veterinary organizations in the surveillance process animal mobility one health and TADs in the dromedary are discussed The book contains 22 chapters and is structured in three parts i general features and commonalities ii viral diseases iii bacterial diseases Each chapter was written by a group of experts specialized in the topic This work will be of general interest to researchers veterinarians veterinary public health officers and students engaged in the surveillance and control of animal infectious diseases included those of zoonotic nature and that are prevalent in the Sahel **Controlling Environmental Pollution** Abu Zahrim Yaser,Mohd Armi Abu Samah,Fazilah Ariffin,A. K. Haghi,2025-01-28 This book highlights current efforts and research on pollution management and advanced technology for pollution treatment It presents an overview of various aspects of environmental pollution including water resources management in minimizing the pollution effect Recent achievements in air pollution monitoring and control including sustainable urban design are also discussed Chapters in the book also focus on tackling food waste disposal and advanced techniques on pollution treatment The book concludes with a discussion of a special case study on Malaysian agricultural industry efforts to tackle pollution Multidisciplinary Journal of Research Development ,2009 *Dental Caries* Zhou Xuedong,2015-10-20 This book is a well illustrated and comprehensive guide to the etiology clinical manifestations diagnosis clinical management and prevention of dental caries Current challenging problems in the field are analyzed and the latest research findings presented After an introductory chapter on tooth development the relationships of biofilm and saliva to dental caries and the significance of the balance between demineralization and remineralization for the development of carious lesions are discussed Subsequent chapters address the state of the art in diagnosis and treatment the implications of disease burden for prevention and the association

between systemic diseases and dental caries Dental Caries Principles and Management is intended for dental school students practicing dentists and researchers in dentistry **Reminiscences** Ben Ofungwu Sr.,2023-05-01 Reminiscences chronicles life in colonial and early postcolonial Nigeria delving into the trauma and vicissitudes of a young man It is a story that emphasises the need for quality education and training preparatory for adult life and the emergence of a mature mind willing to take on family responsibilities bequeathed to him There is the usual executive warfare that is quite common in most local and international organisations and the triumph thereof The story of ISN Products Nigeria Ltd is one of hope and tenacity in building a new organisation ISN is today a market leader in the medical diagnostic products marketing and distribution and has now passed to the next generation There is a lesson on the spiritual aspect of business We must accept that we just cannot achieve success doing it alone all by ourselves We always need help from above and should continuously ask for it

Port Harcourt Medical Journal ,2007 **Medical Laboratory Science Review** Robert R.
