The Maritime Labour Convention 2006: International Labour Law Redefined Jennifer Lavelle, 2013-12-13 With the Maritime Labour Convention now in force as of August 2013 the shipping industry is faced with a new international convention that has comprehensive implications across all sectors This vital text provides timely analysis and thought provoking essays regarding the Convention's application and enforcement in practice Hailed as the Seafarer's Bill of Rights and the fourth pillar of the international regulatory regime for quality shipping the Maritime Labour Convention is set to significantly alter the playing field for key stakeholders This book offers diverse and interesting commentary in respect of the Convention's impact on core sectors of the shipping industry identifying both strengths and weaknesses of the Convention as well as potential hurdles that will need to be overcome Each chapter focuses on a different aspect of the Convention ranging from individual rights of the seafarer to challenges of flag State implementation Special attention is given to enforcement through examination of the innovative measures provided in the Convention itself along with discussion of domestic enforcement mechanisms in certain States Furthermore the book evaluates whether the Convention has filled existing gaps in maritime labour law resolved prior difficulties or created new problems This book expertly addresses issues of fundamental importance to national authorities shipping professionals and associations maritime lawyers and academics worldwide In memory of Richard Shaw

Maritime Work Law Fundamentals: Responsible Shipowners, Reliable Seafarers Iliana Christodoulou-Varotsi, Dmitry A. Pentsov, 2007-10-31 The importance of international maritime labour law both as a component of international maritime law and in socio political and economic terms has been recognised by the IMO International Maritime Law Institute for a number of years Indeed the Institute has annually organised a course on maritime labour law with the participation of inter alia the International Maritime Organization the International Labour Organization the International Transport Workers Federation and the German Shipowners Association It was therefore a great pleasure when the authors invited me to introduce their forthcoming monograph on Maritime Work Law Fundamentals Responsible Shipowners Reliable Seafarers As the title suggests a fundamental challenge of this branch of international maritime law is to achieve a balance between the interests of the two main stakeholders Institutionally the effort to achieve this balance dates back a number of decades with its genesis mainly found in the work of the International Labour Organization It has to be said that whilst this effort achieved great progress it has led to a haphazard plethora of legal instruments
