Bala,2024-03-18 We all go through life with similar struggles and desires but not everyone follows their childhood dreams not everyone is successful or at least feels that way There are also moments in your life when something unusual happens An accident a health problem or something bigger than your job your career In those moments life loses its meaning and you start to think Is what I am doing now all there is Is this what I dreamed of as a child What am I here for Similar questions have been on my mind for more than two decades of my life and I have found answers that I am willing to share with you in this book People who are truly successful do things differently than most and it is not too late for you to learn what they know Without finding your purpose true success can be very difficult to achieve It is never too late to change the way you think to act differently and to make a difference Everyone needs to believe in something even if it is only in their own abilities I invite you on an exciting journey of self discovery and the beginning of a new phase of your life What you will find in this book is a great insight into the psychology of who you are and a different perspective on widely accepted truths It will teach you how to work on yourself and apply the knowledge you find to your own life I ve turned my life around and so can you You already have what you need Find out how you can live the life of your dreams The world of subjective contrast and compassion Is a false world built entirely By each person s imagination Nothing is as it seems Zen proverb Shadows in the Sun

Gayathri Ramprasad,2014-02-11 Presents a first of its kind cross cultural lens to mental illness through the inspiring story of Gayathri s thirty year battle with depression This literary memoir takes readers from her childhood in India where depression is thought to be a curse to life in America where she eventually finds the light within by drawing on both her rich Hindu heritage and Western medicine to spare As a young girl in Bangalore Gayathri was surrounded by the fragrance of jasmine and flickering oil lamps her family protected by Hindu gods and goddesses But as she grew older demons came forth from the dark corners of her idyllic kingdom with the scariest creatures lurking within her The daughter of a respected Brahmin family Gayathri began to feel different I can hardly eat sleep or think straight The only thing I can do is cry unending tears Her parents insisted it was all in her head Because traditional Indian culture had no concept of depression as an illness no doctor could diagnose and no medicine could heal her mysterious malady This memoir traces Gayathri s courageous battle with the depression that consumed her from adolescence through marriage and a move to the United States It was only after the birth of her first child when her husband discovered her in the backyard clawing the earth furiously with my bare hands intent on digging a grave so that I could bury myself alive that she finally found help After a stay in a psych ward she eventually found the light within an emotional and spiritual awakening from the darkness of her tortured mind Gayathri s inspiring story provides a first of its kind cross cultural view of mental illness how it is regarded in India and in America and how she drew on both her rich Hindu heritage and Western medicine to find healing Praying J.
