For example:

As a result of this report, my reader/s will know:

- *how well our recycling programme is doing*
- *how to increase participation in it.*

1.2 Who are the readers of this report?

Consider the main reader/s, but also secondary readers. The main reader for the recycling report alluded to above is the director of the recycling programme. Secondary readers might be the facilities management team on campus, the finance team, etc.

Try to understand what the readers already know, what they need to know,
