Classical Spirituality in Contemporary America Michael S. Pittman, 2012-03-08 G I Gurdjieff d 1949 remains an important if controversial figure in early 20th century Western Esoteric thought Born in the culturally diverse region of the Caucasus Gurdjieff traveled in Asia Africa and elsewhere in search of practical spiritual knowledge Though oftentimes allusive references to Sufi teachings and characters take a prominent position in Gurdjieff s work and writings Since his death a discourse on Gurdjieff and Sufism has developed through the contributions as well as critiques of his students and interlocutors J G Bennett began an experimental Fourth Way school in England in the 1970s which included the introduction of Sufi practices and teachings In America this discourse has further expanded through the collaboration and engagement of contemporary Sufi teachers This work does not simply demonstrate the influence of Gurdjieff and his ideas but approaches the specific discourse on and about Gurdjieff and Sufism in the context of contemporary religious and spiritual teachings particularly in the United States and highlights some of the adaptive boundary crossing and hybrid features that have led to the continuing influence of Sufism Growing a Soul on the Planet Earth Ron Levitan, Claire Levitan, 2018-05-25 Most of us think there are only two possible answers to the question Do you have a soul Either we have a soul which will live beyond

death or there is no such thing as a soul and when we die nothing of us remains But what if neither of those answers is correct What if instead we are not born with a soul but we have the possibility of growing one Our potential for growing a soul was recognized by early gnostic Christians who practiced esoteric Christianity which dates back to and originated in ancient pre sand Egypt It is a sacred science of being a long hidden esoteric teaching that G I Gurdjieff brought to the West early in the last century and is called the Fourth Way How do we grow a soul Gurdjieff tells us The whole secret is that one cannot work for a future life without working for this one We must learn how to be present to ourselves in each moment to integrate body senses mind The techniques and practices Gurdjieff brought in the Fourth Way can show us how Is there life after death Thats the primordial human question Yes you have a soul How do you know Isnt it just societal belief If you have no soul okay heres how to live after dying William Patrick Patterson author of Georgi Ivanovitch Gurdjieff The Man The Teaching His Mission For those who have felt the wish or recognized the need to grow in themselves something higher the Levitans introduce Gurdjieffs authentic way of self transformation to do so They also explore other ways stemming from the same source throughout centuries and millennia up to the present time showing how Gurdjieff presented methods that completed what had been mostly lost forgotten or left out Mary Ellen Korman author of A Womans Work with Gurdjieff Ramana Maharshi Krishnamurti Anandamayi Ma Pak Subuh Essential reading conveying with unique clarity and directness a distillation of the deep spiritual ideas contained in Gurdjieffs Fourth Way teaching Faced with the question of soul Ron and Claire Levitan lead us to the deep esoteric meaning of that word and the responsibility it carries in giving significance to our lives the Earth and beyond Gurdjieffs language of neologisms often inaccessible is presented in a straightforward manner explaining the direct path to higher consciousness and conscience If youve ever wondered what soul is or what is meant by growing a soul this is the book youve been waiting for Teresa Adams instructor Haida yoga the Online Fourth Way School
