The Land Rover is one of the most recognised vehicles ever produced and is nothing short of a British Institution From its humble beginnings based on an ex World War II Jeep chassis in 1947 to a 200 000 Range Rover in 2023 for over seven decades Land Rover has provided the 4x4s of choice for royalty the armed forces celebrities and the everyday family As well as being a beloved family carrier it has transported explorers across continents kept farms producing helped police nations and been instrumental in saving the lives of those lost or stranded in difficult terrain This book pays homage to this jack of all trades workhorse that was once promoted as the world s most versatile vehicle charting the history of all the Land Rover variants manufactured starting with the first prototype built in 1947 The smorgasbord of information covered includes conversions both military and civilian that have been produced both by Land Rover and by third party companies along with many of the prototype and concept vehicles produced over the years There is a focus on the technical aspects of the vehicles and the specifications of all the production variants made are detailed The Land Rover has been used in various expeditions since the early days and this book also covers some of the Land Rover products used for these as well as the vehicles used for competitions such as the Camel Trophy and G4 challenges These include those produced by Bowler which is now owned by Jaguar Land Rover Whether you are new to the Land Rover or a seasoned enthusiast there will be something for you on the pages of this highly illustrated informative book The Complete Book of Jaguar Nigel

Thorley,2019-09-17 In 1935 when a small company in Coventry England launched a sporting saloon i e sedan called the Jaguar SS it set in motion an inexorable process that would lead to Britain s most beloved line of high performance automobiles The Complete Book of Jaguar covers the SS and all of the Jaguar s subsequent production models from the original SS Jaguar to today s F Type sports cars F Pace SUV X Type sedans as well as concept cars As with other books in the Complete Book Series author Nigel Thorley organizes the content chronologically with entries for each year Narratives for each discuss the cars and technology while spec tables highlight key technical and performance specifications Originally begun by a couple of motorcycle enthusiasts William Lyons and William Walmsley as a firm called the Swallow Sidecar Company Jaguar would become one of the world s most celebrated automakers In England s bleak postwar years Jaguar became a shining star first with its XK120 followed by the XK140 and XK150 Sporting sedans like the Mark 2 and Mark X set the bar for luxury four door transport in the 50s and 60s Then Jaguar stunned the world with the achingly beautiful E Type in 1961 a genuine 150 mph super sports car Along the way the company competed on road courses around the world going

head to head with greats like Ferrari and Aston Martin Though Jaguar lost its way periodically in the modern era it has bounded back stronger than ever in the twenty first century with a strong lineup including the new F Type sports car and F Pace SUV The Complete Book of Jaguar is the essential guide to this important chapter in the history of sports and luxury automobiles

2015 Passenger Car and 2014 Concept Car Yearbook Automotive Engineering International,2014-11-21 Every year global automakers introduce new or significantly re engineered passenger vehicles with increasingly advanced technology intended to exceed consumer expectations and satisfy increasingly stringent government regulations Some of these technologies are firsts of their kind and start trends that other automakers soon follow with the innovations becoming adopted across the board The supply community is also increasingly playing a more significant role in helping the original equipment manufacturers research develop and introduce the latest engineering innovations that help bring competitive advantage for their automaker partners Each year the editors of SAE s Automotive Engineering magazine publish many articles focused on the technology and engineering innovations of new passenger and concept vehicles and these articles have been collected into this volume This 2015 Passenger Car and 2014 Concept Car Yearbook is the fourth in an ongoing series of books that provide yearly snapshots of the latest and greatest technologies introduced by the automotive industry In this book we explore from an OEM and supplier perspective the newest and most technically interesting production vehicles released for the 2015 model year In addition we also have included a technology focused recap of the concept cars revealed during 2014 Readers will have in one publication a complete overview of the key advances that took place over the course of the year from around the world Each new model is profiled in its own chapter with one or more articles by the award winning editors and contributors of Automotive Engineering in this exclusive compilation of print and online content The novel engineering aspects of each new vehicle are explored with exclusive interviews of key engineers and product developers providing insights you can only get from you can only get from Automotive Engineering This book is published for the most technically minded enthusiasts who are interested in new car technologies as well as practicing automotive engineers who are interested in new engineering trends Engineering trends explored focus on what engineers are doing to meet the sometimes conflicting consumer and governmental demands for improved vehicle fuel efficiency performance safety and comfort In short this book Provides a single source for information on the key engineering trends of the year from both automaker and supplier perspectives Allows the reader to skip to chapters that cover specific car models that interest them or read about all models from beginning to end Makes for dynamic book reading with its large number of big full color images and easy reading magazine format
