Journal Ranking Impact Factor Jcr:

Journals of the Century Tony Stankus, 2019-12-06 This book first published in 2002 gathers some of America's top subject expert librarians to determine the most influential journals in their respective fields 32 contributing authors reviewed journals from over twenty countries that have successfully shaped the evolution of their individual specialties worldwide Their choices reflect the history of each discipline or profession taking into account rivalries between universities professional societies for profit and not for profit publishers and even nation states and international ideologies in each journal's quest for reputational dominance Each journal was judged using criteria such as longevity of publication foresight in carving out its niche ability to attract none are in the employ of any publisher but each is fully credentialed and well published and many are award winners The authors guide college and professional school librarians on limited budgets via an exposition of their analytical and critical winnowing process in determining the classic resources for their faculty students and working professional clientele

Demystifying Scholarly Metrics Marc W. Vinyard, Jaimie Beth Colvin, 2022-02-25 Demystifying Scholarly Metrics gives librarians and faculty the confidence to navigate the maze of scholarly metrics identify quality journals in which to publish and measure the impact of scholarly works Both librarians and professors can be overwhelmed by the bewildering number of scholarly metrics This user friendly book demystifies them helping librarians become familiar with scholarly metrics and giving them the confidence to assist faculty at their institutions It also equips faculty authors with the knowledge to evaluate journals and use metrics to track their scholarly impact Several controversies exist in the scholarly metrics landscape including a disagreement between the proponents of altmetrics and traditional bibliometrics Even more contentious debates are breaking out over predatory journals and open access publishing Authors Mark Vinyard and Jaimie Beth Colvin who successfully launched a faculty publishing initiative explain which aspects of metrics are truly essential to grasp and they place these numbers in context They help readers identify the metrics that are the best fit for their scholarship and give librarians and professors the tools to make smart decisions in this changing scholarly metrics landscape

Handbook of Bibliometric Indicators Roberto Todeschini, Alberto Baccini, 2016-08-22 At last the first systematic guide to the growing jungle of citation indices and other bibliometric indicators Written with the aim of providing a complete and unbiased overview of all available statistical measures for scientific productivity the core of this reference is an alphabetical dictionary of indices and other algorithms used to evaluate the importance and impact of researchers and their institutions In 150 major articles the authors describe all indices in strictly mathematical terms without passing judgement on their relative merit From widely used measures such as the journal impact factor or the h index to highly specialized indices all indicators currently in use in the sciences and humanities are described and their application explained The introductory section and the appendix contain a wealth of valuable supporting information on data sources tools and techniques for bibliometric and scientometric analysis for individual researchers as well as their funders and
