Micky Flanagan Funny Geezer:

Micky Flanagan - Funny Geezer Abi Smith, 2014-09-04 Micky Flanagan is one of Britain's best loved cheeky chappy comedians thanks to his stand up routines about how he's gone from growing up in London's East End in the 1970s to his life now in middle class suburbia. To date he has two sell out tours under his belt, nominations from the British Comedy Awards and the Edinburgh Fringe for Best Comedy Newcomer, not to mention regular stints on 8 Out of 10 Cats, Mock the Week and The Last Leg as well as guest appearances on The Jonathan Ross Show, Alan Carr Chatty Man, The Graham Norton Show and The One Show. Yet a career as a professional comedian was not something that he had ever dreamed of when as a troublesome teen he left school aged 15 to work in a fish market. Abi Smith looks at how Micky, who was laughed at by his teachers when he said he wanted to be a vet, has triumphed from his early days working as a fish porter in the East End and as a dishwasher in New York. In this page turning biography you'll also discover why his mum labelled him a drama queen and how he tried his hand at various professions including trainee teacher and painter and decorator before having the last laugh by becoming one of the country's most popular funny men. So pour yourself a cup of Rosie Lee, take the weight off your plates and prepare for a right giraffe as you read this engaging tale of an East Boy done good. **Micky Flanagan** Abi Smith, 2014

Louise Davis, Karyn Pilgrim, Madhudaya Sinha, 2015-12-16 Today's highly industrialized and technologically controlled global food systems dominate our lives, shaping our access and attitudes towards food and deeply influencing and defining our identities. At the same time, these food systems are profoundly and destructively impacting the health of the environment and threatening all of us, human and nonhuman, who must subsist in ecological conditions of increasing fragility and scarcity. This collection examines and exposes the myriad ways that the food systems driven by global commodity capitalism and its imperative of growth at any cost increasingly control us and conform us to our roles as consumers and producers. This collection covers a range of topics from the excess of consumers in the post industrial world and the often unacknowledged yet intrinsic connection of their consumption to the growing ecological and health crises in developing nations to topics of surveillance and control of human and nonhuman bodies through food to the deep linkages of cultural values and norms toward food to the myriad crises we face on a global scale.
