This book has made such a difference in my teaching of science this school year. I have watched my 5th grade students go from being casual observers in science to making some amazing observations that I even missed. We enjoy our class investigations, and the students ask for more. Alyce F. Surmann, Sembach Middle School Teachers will relate well to the author's personal stories and specific examples given in the text, especially the ones about events in his own classroom, like having the grasshoppers escape into the classroom.
