Angola Operational Plan Report Fy 2013 United States United States Department of State,2014-11-12 In 2011 Secretary Clinton called on the world to join in the fight for an AIDS Free generation and in 2012 the Secretary revealed a PEPFAR President's Emergency Plan for AIDS Relief Blueprint outlining the path to making this a reality Aligned with the Global Health Initiative GHI Strategy our Partnership Framework PF and the Blueprint's policy imperative Angola's PEPFAR initiatives are based on strategic scientifically sound investments to scale up core HIV prevention to maximize impact Based on a capacity building systems strengthening model PEPFAR Angola is working with partners to effectively mobilize coordinate and efficiently use resources to save more lives sooner The focus will be on key populations on women and girls to increase gender equality and ending stigma and discrimination against people living with HIV Cross Cutting Appendix A This will be measured by setting benchmarks that are regularly assessed with the long term goal of country ownership The Angola PEPFAR Team will continue to build upon successes of our past maintaining current programs like supporting the Government of Republic of Angola GRA INLS INSP CNS decentralization plan with technical assistance in health systems strengthening implementation of an enhanced Prevention of Mother To Child Transmission PMTCT services building GRA human resources by training local surveillance experts to sustain the country's capacity in strategic information and supporting the military to strengthen its HIV Prevention Program and promote organizational networking with other military

partners at the regional level In addition to continuing programs in fiscal year 2014 Angola PEPFAR will expand PMTCT and HIV testing and counseling in Luanda province and coordinate HIV initiatives across borders to demonstrate collaboration with our neighbors in unity toward an AIDS Free generation The United States Government USG Appendix C utilizes a technical assistance approach in areas identified by the Ministry of Health MoH Secretary Clinton stated in her remarks at the 2012 International AIDS conference that we should continue to be focused on supporting high impact interventions and make tough decisions driven by science This is the fundamental goal of the Angola PEPFAR program **Tanzania**

**Operational Plan Report Fy 2013** United States Department of State, 2014-11-12 Since 2004 PEPFAR Tanzania has been working closely with the United Republic of Tanzania and other donors including the Global Fund to Fight AIDS Tuberculosis and Malaria to respond to the HIV epidemic PEPFAR T the GFATM and the URT share a symbiotic relationship in Tanzania While PEPFAR T predominantly focuses on services and system strengthening GFATM is responsible for commodity procurement and some systems strengthening and the URT provides policy framework infrastructure systems and personnel Deficits in resources governance and health systems continue to complicate Tanzania's ability to adequately respond to HIV/AIDS As a result Tanzania's health programs especially for HIV are highly dependent upon donor funding Foreign funds account for 97% of the Mainland's HIV/AIDS response of which 90% come from the combined efforts of PEPFAR T 74% and the GFATM 16% In addition the country grapples with weak health infrastructure shortages of health and social workers high levels of stigma cumbersome government procurement systems weak management and strategic planning and poor accountability According to the 2011 UNAIDS Report on the Global AIDS Epidemic adult HIV prevalence in the country is estimated at 5.8% and an estimated 1.6 million Tanzanians are living with HIV of which 1.3 million are OVC An estimated 84,000 AIDS related deaths occur in Tanzania each year According to the 2007-08 Tanzania HIV and AIDS and Malaria Indicator Survey the impact of the epidemic varies significantly by region with the highest prevalence region Iringa estimated at 15.7% and the lowest estimated Zanzibar at 0.6% and with a significant difference in the prevalence between urban 9% and rural 5% areas The data also reveal significant sex differentials in HIV prevalence with male prevalence at 5% and female prevalence at 7% A new THMIS was conducted in 2011-2012 and is due to be released in late March 2013 Despite a generalized epidemic key populations play a critical role in HIV transmission dynamics Data indicate that injection drug use specifically heroin use is on the rise in urban Tanzania and Zanzibar Studies carried out in Dar es Salaam indicate that the HIV prevalence is 42% among people who inject drugs 2007 and 31.4% among sex workers 2010 while unpublished data for men who have sex with men in Dar es Salaam indicates prevalence over 30% 2012 PEPFAR support to Tanzania has enabled a dramatic increase in the number of adults and children accessing ART with 364,000 individuals receiving treatment in FY2012 Also during FY2012 a total of 3,370,000 individuals received HIV testing and counseling 1,100,000 pregnant women were tested and counseled through PMTCT services 526,000 OVC received support and 152,000 VMMC

took place      **Swaziland Operational Plan Report Fy 2013** United States United States Department of State,2014-11-12 Swaziland is a landlocked kingdom at the epicenter of the global HIV AIDS pandemic struggling to mitigate the world s highest prevalence rates of HIV and TB Economically Swaziland is closely tied to South Africa from which it receives 90 percent of its imports and a large proportion of its public sector financing through the Southern African Customs Union SACU Compounding the economic situation and exacerbating the strains on the health and social systems was a precipitous fall in revenue resulting from two thirds cut of SACU customs receipts in 2009 More than half of the population is under 20 and nearly half of the youth are at extremely high risk of HIV The 2010 Multiple Indicator Cluster Survey MICS reported that 45 1% of children and youth fit the definition of orphaned or vulnerable Traditional family structures have all but collapsed with only 22 percent of children raised in two parent households Gender based inequalities violence poverty and income disparities persist in the country and create significant barriers to effective HIV prevention interventions and the up take of care and treatment services Economic growth and development have been deeply impacted by the health crisis which literally threatens the future of the kingdom The 2010 MICS reported high rates of malnutrition with 40 9 percent of children experiencing moderate to severe stunting Furthermore anecdotal reports show that food insecurity is one of the main reasons that eligible individuals will not initiate treatment they fear not having food to take with ARVs The Swaziland HIV Incidence Measurement Survey SHIMS published in late 2012 provides the best data available to date on the epidemic SHIMS identified a national HIV prevalence of 31 percent among adults 18 49 years of age A reanalysis of the 2007 Demographic Health Survey data determined prevalence of 31 percent in adults 18 49 indicating that the HIV prevalence in Swaziland has stabilized in the last five years Adult incidence is high at 2 4 percent with a significantly higher incidence for women of 3 1 per cent 1 7 per cent for men      *Mozambique Operational Plan Report Fy 2013* United States United States Department of State,2014-11-12 As part of our two year Country Operational Plan COP the 2013 plan supports the global priorities set forth in the AIDS Free Generation AFG policy to provide antiretroviral treatment ART for 6 million people perform 4 7 million voluntary medical male circumcision VMMC procedures provide antiretroviral ARV prophylaxis to 1 5 million HIV infected pregnant women to prevent mother to child transmission PMTCT support the Government of Mozambique s GRM national HIV AIDS Acceleration Plan 2013 2015 Acceleration Plan to increase the percentage of eligible adults and children with advanced HIV infection who receive antiretroviral therapy to 80% increase the percentage of HIV positive pregnant women who receive ARVs to 90% and increase the percentage of adult males circumcised in target provinces to 75% by 2015 The Acceleration Plan developed in collaboration with the PEPFAR Mozambique team and closely coordinated with the development of the Ministry of Health s Global Fund Round 9 phase II application for HIV AIDS prioritizes high impact interventions and geographic areas and focuses on a continuum of response by addressing key populations This year s COP represents result driven and target based budget allocations through direct application of

PEPFAR Expenditure Analysis and other unit cost data to PEPFAR's contribution to the national targets Our interventions target priority districts identified in the GRM's Acceleration Plan and ensure strong linkages between counseling and testing care treatment and PMTCT for a robust continuum of response Our overall budget is carefully aligned to the priorities of an AIDS Free Generation Prevention activities represent 24% of our overall budget with 8% allocated to PMTCT for ARV prophylaxis for 61 147 pregnant women 8% allocated to VMMC to circumcise 224 413 men 3% reserved for sexual prevention to reach most at risk populations MARPs 4% dedicated to test and counsel 2.2 million individuals 33% allocated for antiretroviral ART treatment for 380 680 adults and children including 16% for ARV drugs 19% dedicated to the care of almost one million HIV infected adults and children including 10% for orphans and vulnerable children and 13% budgeted for system strengthening activities to support prevention care and treatment goals HIV commodities including ARV drugs represent 23% of the budget USG management and operations represent 11% of PEPFAR resources

Botswana Operational Plan Report FY 2013 United States United States Department of State, 2014-11-12 The U S Botswana health partnership remains strong and effective HIV associated mortality has been reduced by more than half since treatment became available and the rate of new infections has declined Botswana's HIV treatment and Prevention of Mother to Child Transmission PMTCT programs are models for their coverage and quality of services The rate of mother to child HIV transmission in Botswana has declined to

Zambia Operational Plan Report FY 2013 United States United States Department of State, 2014-11-12 The recent 2012 UNAIDS World AIDS Day Report showed significant improvements in HIV and AIDS related results globally In general new HIV infections declined among children there were fewer AIDS related deaths and there were increased investments in the response to HIV and AIDS Zambia like many countries has recorded significant improvements in all three key areas According to the report between 2001 and 2011 Zambia reduced new HIV infections by 58% while the country also cut AIDS related deaths by more than 50% The 2007 Zambia Demographic and Health Survey 2007 ZDHS measured adult HIV prevalence at 14.3% With the population currently standing at 13.1 million people with 61% in rural areas and 39% in urban areas Zambia still has one of the world's most devastating HIV and AIDS epidemics with more than one in seven adults living with HIV Infection rates are twice as high in urban as in rural areas while life expectancy is estimated at 49 years in what is still a generalized epidemic UNAIDS Report on the Global AIDS Epidemic 2010 The HIV epidemic is geographically diverse with provincial prevalence levels ranging from 6.8% to 20.8% The Northern and Northwestern provinces have the lowest prevalence just below 7% Both provinces are predominantly rural with low population density and high levels of poverty In contrast Lusaka Central and Copperbelt Provinces are more densely populated with large urban areas and have prevalence levels of 17% and higher The most recent UNAIDS Report on the Global AIDS Epidemic 2012 UNAIDS estimated Zambia's HIV prevalence among 15-49 year olds to have declined to 12.5% The country is awaiting the results of the newly started DHS that will enable an update to the most recent HIV and AIDS

statistics The six key drivers of the HIV and AIDS epidemic in Zambia are 1 high rates of multiple concurrent partnerships 2 low and inconsistent condom use 3 low rates of voluntary medical male circumcision VMMC 4 population mobility 5 vulnerable groups with high risk behaviors and 6 mother to child transmission MTCT In addition other factors such as gender inequality disparity socio cultural practices and stigma interact with these drivers to sustain high levels of risk and vulnerability

Uganda Operational Plan Report Fy 2013 United States Department of State,2014-11-12 In September 2012 the Ministry of Health MOH released the results of the Uganda AIDS Indicator Survey UAIS 2011 which indicated that Uganda continues to experience a severe HIV epidemic HIV prevalence in the general population 15 to 59 years old is estimated to be 7.3% in 2011 compared to 6.4% in 2004. HIV prevalence is higher among women 8.3% than among men 6.1%. Compared to the 2004 UAIS survey the magnitude of change in HIV prevalence varied across regions. Central Western Southwestern and Northern regions remain the worst affected while modest declines in prevalence were recorded in the East Central and Mid Eastern regions. Of particular concern is the rise in HIV prevalence among young people aged 15-24 years generally and in all age groups specifically in the West Nile and North East regions that previously were least affected. UNAIDS projects the number of new annual infections at 150,000 in 2011, an increase from 120,000 in 2004. AIDS mortality is estimated at 62,000 deaths in 2011, the lowest estimate in a long decline since 2000 reflecting the significant expansion of ART. The UNAIDS most recent World AIDS Day Report warned of increasing unprotected sex both sexes and multiple partners women. The estimated number of people infected with HIV has risen to 1.39 million, 55% of whom are female and 14% are children under the age of 15 years. HIV is predominantly heterosexually transmitted accounting for 75-80% of new infections. However population subgroups show that the most affected and the risk factors and drivers of HIV infections have evolved in recent years. Studies show an HIV prevalence of 1.2% in university students 15.40% in fishing communities 37% among sex workers 18% in the partners of sex workers and 13% in the group of men with a history of having sex with men. Strikingly 35% of new infections occur amongst self reported monogamous individuals which raises concerns regarding rising multiple concurrent partnerships. The remaining transmissions are largely due to mother to child HIV transmission. In response to the 2011 UAIS results PEPFAR revised its programmatic and technical approaches and targets to better respond to Uganda's escalating epidemic. The 2013 COP is based on scientific evidence prioritized proven interventions resources matched effectively across subpopulations and efforts directed towards sources of new infections to assist the HIV AIDS epidemic response in Uganda. The 2013 COP is the product of a consultative process that involved the GOU PEPFAR implementing partners IP and bilateral and multilateral donors

Zimbabwe Operational Plan Report Fy 2013 United States Department of State,2014-11-12 The country continues to experience a generalized HIV epidemic with an estimated 1.2 million HIV infected adults and children in 2011 and approximately 58,000 deaths each year. Social cultural and economic factors contributing to HIV transmission include transactional sex multiple and concurrent

partners alcohol abuse low awareness of HIV infection status lack of ART use in undiagnosed individuals poor treatment adherence and low levels of male circumcision MC While prevalence among youth has dropped significantly it is worth noting that prevalence among girls was twice that of boys of the same age HIV is the leading cause of death among adults and accounts for over 27% of all deaths among mothers and infants Maternal mortality rate nearly tripled between 1994 and 2010 Zimbabwe's TB case rate 603 per 100 000 is one of the highest in the world The TB epidemic in Zimbabwe is largely HIV driven with a very high TB HIV co infection rate at 80% with an increasing number of MDR and XDR cases TB is the second leading cause of adult morbidity and mortality in Zimbabwe National Response The National AIDS Council NAC and the Ministry of Health and Child Welfare MOHCW lead the national HIV AIDS response and have outlined their goals in Zimbabwe National Strategic Plan ZNASPII 2011 2015 While the level of institutional leadership within the MOHCW is high in terms of technical direction and policy setting the capacity for implementation continues to be limited For the MOHCW low capacity is largely an outcome of limited national resources for programming which affects its capacity to deploy and adequately train sufficient experienced health professionals provide adequate commodities and provide a high level of monitoring and supervision to ensure high quality service delivery As such donor resources have been essential to national prevention care treatment and health systems strengthening HSS efforts The majority of HIV AIDS related activities are donor funded Nevertheless Zimbabwe has not received the magnitude of donor funding that countries with similar HIV burden have been fortunate to access Zimbabwe is facing potential critical shortages of key inputs to achieve ambitious goals particularly in the areas of treatment prevention of mother to child transmission PMTCT and MC

## Decoding **Malawi Operational Plan Report Fy 2013 Aids Relief**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Malawi Operational Plan Report Fy 2013 Aids Relief**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

### **Malawi Operational Plan Report Fy 2013 Aids Relief Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Malawi Operational Plan Report Fy 2013 Aids Relief free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Malawi Operational Plan Report Fy 2013 Aids Relief free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying

the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Malawi Operational Plan Report Fy 2013 Aids Relief free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Malawi Operational Plan Report Fy 2013 Aids Relief. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Malawi Operational Plan Report Fy 2013 Aids Relief any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About Malawi Operational Plan Report Fy 2013 Aids Relief Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Malawi Operational Plan Report Fy 2013 Aids Relief is one of the best book in our library for free trial. We provide copy of Malawi Operational Plan Report Fy 2013 Aids Relief in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Malawi Operational Plan Report Fy 2013 Aids Relief. Where to download Malawi Operational Plan Report Fy 2013 Aids Relief online for free? Are you looking for Malawi Operational Plan Report Fy 2013 Aids Relief PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Malawi Operational Plan Report Fy 2013 Aids Relief. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save

time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Malawi Operational Plan Report Fy 2013 Aids Relief are for sale to free while some are payable. If you are not sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Malawi Operational Plan Report Fy 2013 Aids Relief. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Malawi Operational Plan Report Fy 2013 Aids Relief To get started finding Malawi Operational Plan Report Fy 2013 Aids Relief, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Malawi Operational Plan Report Fy 2013 Aids Relief So depending on what exactly you are searching, you will be able to choose ebook to suit your own need.
