

Les Enfants Et Lalcoolisme Parental

Henri Gomez

Les Enfants Et L'alcoolisme Parental:

Enfants de parents affectés d'une dépendance Frank Vitaro, René Carbonneau, 2006-05-16T00:00:00-04:00 Les auteurs après avoir décrit les problèmes neurologiques biologiques et environnementaux des enfants de parents alcooliques toxicomanes ou joueurs pathologiques présentent les caractéristiques et les expériences qui semblent soutenir une saine adaptation en dépit de situations personnelles et sociofamiliales défavorables. De l'analyse des facteurs de résilience inventoriés, ils dégagent certaines leçons pour l'intervention préventive et font état de quelques programmes de prévention ou d'intervention déjà mis en application et dont le résultat est évalué. Pour conclure, ils proposent des recommandations en matière de recherche et de politiques sociales. Quand l'enfant de six ans dessine sa famille Janine Mantz-Le Corroller, 2003

"Comment les enfants-adultes de parents alcooliques qui développent une dépendance à l'alcool se l'expliquent-ils?", La dépendance est une maladie qui touche un bon nombre de personnes de la société. En Suisse, l'Institut suisse de prévention de l'alcoolisme et autres toxicomanies ISPA estime qu'il y a 300 000 personnes alcoolodépendantes. Parmi ces personnes, il y a des parents. En Suisse, 50 000 à 110 000 enfants et adolescents vivent dans une famille où un parent est alcoolodépendant. Être enfant de parents alcooliques implique une adaptation constante au fonctionnement de ses parents vis-à-vis de l'alcool. L'enfant souffre, observe, cache le problème familial et grandit. Sans faire de généralités, les enfants adultes de parents alcooliques développent souvent plus tard une dépendance à l'alcool. En cherchant à comprendre leurs explications concernant d'une certaine manière la reproduction du comportement de dépendance du parent alcoolique, nous souhaitons comprendre si les explications transmises par les parents concernant la consommation d'alcool sont reprises par les enfants adultes pour expliquer leur propre dépendance à l'alcool et si les enfants font un lien entre leur problème d'alcool et celui de leurs parents. Notre travail nous a fait constater que les enfants adultes de parents alcooliques se construisent leurs propres modèles explicatifs. Cela vient du fait que les parents ne leur donnent pas d'explications claires, puisqu'ils sont dans le déni du problème de consommation de l'alcool. Les enfants grandissent avec une souffrance, un poids mais apprennent à vivre avec le fonctionnement de leurs parents vis-à-vis de l'alcool. Pour l'enfant, l'alcool n'est pas un problème et en consommer leur tour pour faire face à certaines difficultés est un acte normal, puisqu'il a été observé chez le parent. *Aider les enfants qui ont des parents en difficulté* Margot Sunderland, 2019-09-23. Accompagné d'un album illustré, ce guide offre aux praticiens une mine de données essentielles et d'interventions efficaces pour travailler avec les enfants qui ont des parents en difficulté. Comment les aider à parler de ce qu'ils vivent? Quels sont les symptômes que les enfants développent le plus fréquemment? Comment aider un parent et un enfant à se retrouver? Cet ouvrage est conçu pour permettre aux praticiens d'aider les enfants perturbés par les difficultés de leurs parents, que ceux-ci soient malades physiquement ou mentalement, alcooliques ou toxicomanes, séparés ou divorcés, perpétuellement stressés ou anxieux. Ces parents préoccupés par leurs propres difficultés sont incapables de répondre efficacement aux besoins relationnels et émotionnels de leurs enfants. La première partie du livre permet de comprendre

ce que cela représente pour un enfant de vivre avec un parent en difficulté et quelle influence cela aura sur son développement futur. L'auteur explique ensuite les interventions possibles pour aider ces enfants. La seconde partie propose de nombreux exercices, feuilles de dessins et tâches pour mener une conversation thérapeutique et permettre aux enfants de trouver des moyens d'être de faire et de penser qui favorisent leur panouissement. Le livre contient aussi une histoire pour enfants.

Guide de l'accompagnement des personnes en difficulté avec l'alcool - 2ème édition Henri Gomez, 2011-08-24. Six axes principaux : problématique, nature, environnement, accompagnement, suivi et fondements. Organisé en un véritable guide d'accompagnement de la personne alcoolique. Chacun des six axes comporte de courts chapitres abordant l'ensemble des thèmes traités. Ainsi, structuré, l'ouvrage est un outil très pédagogique pour tous les intervenants confrontés à la prise en charge de toutes les personnes en difficulté avec l'alcool. La deuxième édition a entièrement été mise à jour et augmentée de nombreux cas cliniques.

La question de l'alcool Yves Guyot, 1917. *La femme moderne et l'alcool* Clare Wilson, 1982. Recueil de huit petites études sur les aspects suivants : causes de la croissance de l'alcoolisme féminin, les effets physiques et le métabolisme de l'alcool, le syndrome alcoolique foetal, aspects psychologiques de l'alcoolisme féminin, la famille, accueil et dépistage, l'assistance, les femmes isolées et sans logis, SDM.
