Liberals Hijacking America English Edition:

Uncle Sam's Plantation Star Parker, 2010-08-16 Uncle Sam's Plantation is an incisive look at how government manipulates controls and ultimately devastates the lives of the poor and what Americans must do to stop it. Once a hustler and welfare addict who was chewed up and spit out by the ruthless welfare system, Star Parker sheds much needed light on the bungled bureaucratic attempts to end poverty and reveals the insidious deceptions perpetrated by self-serving politicians. Star Parker rocks the world. She is an iconoclast that must be listened to and reckoned with. Sean Hannity's Star Parker's important new book helps advance the understanding critical for all Americans that prosperity does not come from government and politics but results from men and women of character and high moral fiber living and working in freedom. Larry Kudlow: Star Parker's new book brings us back to eternal truths: faith, family, love, and responsibility. Dr. Laura Schlessinger: Casts new light on the redemptive power of freedom. Rush Limbaugh: Let Freedom Ring. Sean Hannity, 2009-03-17 The hard hitting and provocative first book from the fastest rising conservative voice in the country. Sean Hannity is the hottest phenomenon in TV and talk radio today. His gutsy take-no-prisoners interviews and commentary on the Fox News Channel's Hannity Colmes has made him one of the network's most popular personalities. And his ascendance to the top of the talk radio world with ABC Radio's The Sean Hannity Show has won him a huge and devoted conservative following and ensured his place alongside Rush Limbaugh and Bill O'Reilly as one of the country's most influential commentators. Now in Let Freedom Ring, Sean Hannity offers a survey of the world, political, social, and cultural as he sees it. Drawing on stories from his own life and on the inspiration of political figures like Ronald Reagan and George W. Bush, he recounts the experiences that have shaped his perspective on the dramatic issues that face America today: Terrorism and National Security, The Economy, Liberal Media Bias, Education, Faith, Character, and the Family. As America meets the challenges of the post-9/11 world abroad and at home, Sean Hannity's position is clear: We are engaged in a war of ideas. And we must win. Civilization itself is at stake. Rough Guide to Conspiracy Theories, The (3rd) James McConnachie, Robin Tudge, 2013-02-01 Fully revised and updated. The Rough Guide to Conspiracy Theories sorts the myths from the realities, the allegations from the explanations, and the paranoid from the probable. Who might be trying to convince us that climate change is or isn't real? What is the truth behind the death of Osama bin Laden, and is he still alive? When did the CIA start experimenting with mind control? Where is the HAARP installation, and did it have anything to do with the Japanese tsunami disaster? Why is surveillance in our cities and online so widespread, and what are the real benefits? This definitive guide to the world's most controversial conspiracies wanders through a maze of sinister secrets, suspicious cover-ups, hidden agendas, and clandestine operations to explore all these questions and many, many more.
