

After setting up your Wii U console's Internet connection, you will see this screen:

If you choose to update later:

The system update will start downloading automatically when you select "Cancel".

Choosing this option allows you to use your console while the system update is downloading. Please note that you will not be able to use network features until the initial system update has completed.

When the download has finished, return to the Wii U Menu and follow the on-screen instructions.

If you choose to update immediately:

During the download you will be temporarily unable to use your Wii U console.

The system update will start downloading. Do not power off your console or remove the Wii U AC adapter during this time.

Once the download has completed, follow the on-screen prompts.

Installing the system update

Once the download has finished, the system update installation process will start. This takes around 10 minutes. During the installation you will be temporarily unable to use your Wii U console.

When the installation has ended, touch "OK" to complete the system update process.
