Management Level Psychometric Assessments Mike Bryon,2012-02-03 With intense competition for top management jobs and increased pressure on organizations to select the best candidates more and more firms are now using challenging psychometric tests as part of their recruitment and assessment procedures Also used to identify management potential in existing staff tests are increasingly used to select the weakest employees when job cuts beckon Management Level Psychometric Assessments offers more types of assessment than any other management testing book Ideal for managers applying for supervisory roles or jobs on the board for promotions as well as new employment it includes tests on quantitative reasoning currency conversion verbal reasoning decision analysis situational awareness and visual estimation Along with detailed answers and explanations it places particular emphasis on getting you test ready with advice on the presentation part of your assessment and crucial information on which tests you are most likely to face for your industry Management Level Psychometric Assessments is an invaluable resource providing all the practice you need to pass those tests and succeed against the competition

The Advanced Numeracy Test Workbook Mike Bryon,2011-06-03 The Advanced Numeracy Test Workbook provides essential preparation for graduates and managers who face difficult numerical

psychometric tests Packed with plenty of expert tips and putting the emphasis firmly on acquiring the necessary key skills no other book provides this level of support A companion title to the successful *How to Pass Advanced Numeracy Tests* it contains even more practice material and realistic timed mock tests Crucially these are relevant to the selection tests of many top organizations The workbook format is conducive to learning leaving plenty of room for working and calculations Detailed explanations of the answers and interpretations of scores mean that the reader can see which areas they need to improve on and understand where they are going wrong

Cracked it! Bernard Garrette, Corey Phelps, Olivier Sibony, 2018-06-08 Solving complex problems and selling their solutions is critical for personal and organizational success For most of us however it doesn't come naturally and we haven't been taught how to do it well Research shows a host of pitfalls trips us up when we try We're quick to believe we understand a situation and jump to a flawed solution We seek to confirm our hypotheses and ignore conflicting evidence We view challenges incompletely through the frameworks we know instead of with a fresh pair of eyes And when we communicate our recommendations we forget our reasoning isn't obvious to our audience How can we do it better In *Cracked It* seasoned strategy professors and consultants Bernard Garrette Corey Phelps and Olivier Sibony present a rigorous and practical four step approach to overcome these pitfalls Building on tried and tested but rarely revealed methods of top strategy consultants research in cognitive psychology and the latest advances in design thinking they provide a step by step process and toolkit that will help readers tackle any challenging business problem Using compelling stories and detailed case examples the authors guide readers through each step in the process from how to state structure and then solve problems to how to sell the solutions Written in an engaging style by a trio of experts with decades of experience researching teaching and consulting on complex business problems this book will be an indispensable manual for anyone interested in creating value by helping their organizations crack the problems that matter most
