Cooke,1980 In five major parts this volume surveys the views of ministry regnant i all of the major time periods of Church history Each part begins again at the beginning in order to look at the literature and traditions of Christianity from a different perspective Font of Pardon and New Life Lyle D. Bierma,2021 Font of Pardon and New Life is a study of the historical development of John Calvin s doctrine of baptism both adult or believer baptism and infant baptism In a chronological examination of Calvin s writings his Institutes commentaries on the Bible catechisms polemical treatises and consensus documents the book addresses the question of what in Calvin s view spiritually takes place in an individual when he or she is baptized and it analyzes the impact of Calvin s baptismal doctrine on the major Reformed confessions and catechisms of the sixteenth and seventeenth centuries *The Collected Works of Edward Schillebeeckx Volume 1* Edward Schillebeeckx,2014-09-25 This is a new edition of the 1963 classic which gave Christological thought a new direction As far back as his first major book Schillebeeckx propounded an anthropological approach to the sacraments In Christ the Sacrament of the Encounter with God he draws on theologically fruitful work by phenomenological anthropologists like Merleau Ponty Buytendijk and Binswanger That makes Schillebeeckx s distinctive idiom and modern approach appealing even today He rediscovers as it were from within the notions forged by scholastic theology and thus restores to us a theology of the sacraments rooted in the biblical and patristic soil from which they first sprang Schillebeeckx s speculative synthesis of this quest still has a fresh ring to it He describes Christ as the primordial sacrament in a reflection on his public ministry death and resurrection inspired by the universal human search for such a sacrament He concludes that the church s sacraments have to be an earthly extension of the liberation brought by Christ s story Schillebeeckx ends by describing sacraments as grace made visible that gives crowning moments in Christian life a mystical quality Edward Schillebeeckx Collected Works bring together the most important and influential works of the Dutch Dominican and theologian Edward Schillebeeckx 1914 2009 in a reliable edition All translations have been carefully checked or revised some texts are presented in English for the first time The page numbers of earlier editions are included Each volume carries a foreword by an internationally renowned Schillebeeckx expert This edition makes Schillebeeckx available for a new generation of scholars and students Thomas Torrance's Mediations and Revelation Titus Chung,2011 Could a work of revelation be justified as a viable theological project today especially in light of some modern sceptics questioning its validity as a doctrinal discipline Engaging with the work of theologians such as Karl Barth Paul Tillich and Colin Gunton Chung explores and justifies revelation and mediation in the theology of T F Torrance and argues that Torrance s distinctiveness is able to contribute significantly to current debate and bring a fresh perspective to the theological landscape **Summa Theologica: Supplement to the Third Part** St. Thomas Aquinas,2018-02-06 The sixth volume in this epic and classic undertaking by one of the most notable theologians of the Roman Catholic Church This volume features

theological considerations towards such topics as Penance Extreme Unction Holy Orders Last Things Marriage and other important topics that we often take for granted in our thinking in the church and in worship towards God These topics must be carefully considered if we are to ever have a deep understanding and love of the one true God and his son Jesus Christ

A. Gerrish,2015-08-24 At the beginning of Christian Faith B A Gerrish reminds us that dogmatics involves critical transmission of the Christian heritage The dogmatic theologian must interpret and assess the traditional beliefs of the church while also considering the new and changing conditions in which that tradition is being embodied With that Gerrish goes on to outline the various presuppositions and affirmations of the Christian faith before ultimately offering a powerful and compelling restatement of Christian faith for the twenty first century As part of his framework Gerrish includes a critical comparison of Calvin s Institutes of the Christian Religion and Schleiermacher s Christian Faith while still paying close attention to the great cloud of theological witnesses from across the spectrum of Christian traditions Gerrish s book provides a robust and penetrating revisioning of Christian theology one that is thoroughly grounded in the classical traditions of the church
