## **Jim Rose Report Summary:**

*The Great Reading Disaster* Mona McNee, 2012-02-20 By the late 1980s half the nation's children were receiving eleven years of progressivist schooling that failed to give them even the elementary basis of education that was completed by the age of seven in earlier days This great reading disaster was caused by the look say method of teaching which presented whole words not individual letters This book explains the causes and provides the solution to this problem In 2006 the Secretary of State for Education and Skills has ordered schools to use the phonic method but there seems little evidence that its implications are properly understood or that any serious re training programme for teachers is being put in place The authors believe their explanations and recommendations in this book are thus needed just as much as ever *A Dialogic Teaching Companion* Robin Alexander, 2020-03-04 Building on Robin Alexander's landmark *Towards Dialogic Teaching* this book shows how and why the dialogic approach has a positive impact on student engagement and learning It sets out the evidence examines the underpinning ideas and issues and offers guidance and resources for the planning implementation and review of effective dialogic teaching in a wide range of educational settings Dialogic teaching harnesses the power of talk to engage students interest stimulate their thinking advance their understanding expand their ideas and build and evaluate argument empowering them for lifelong learning and for social and democratic engagement Drawing on extensive published research as well as the high profile 5000 student trial and independent evaluation of Alexander's distinctive approach to dialogic teaching in action this book Presents the case for treating talk as not merely incidental to teaching and learning but as an essential tool of education whose exploitation and development require understanding and skill Explores questions of definition and conceptualisation in the realms of dialogue argumentation and dialogic teaching revealing the similarities and differences between the main approaches Discusses evidence that has enriched the debate about classroom talk in relation to oracy argumentation student voice and philosophy for children as well as dialogic teaching itself Identifies what it is about dialogic teaching that makes a difference to students thinking learning and understanding Presents the author's rationale and framework for dialogic teaching now completely revised and much expanded Proposes a professional development strategy for making dialogic teaching happen which like the framework has been successfully trialled in schools Lists resources from others working in the field to support further study and development Includes an extensive bibliography Robin Alexander's *A Dialogic Teaching Companion* like its popular predecessor *Towards Dialogic Teaching* aims to support the work of all those who are interested in the quality of teaching and learning but especially trainee and serving teachers teacher educators school leaders and researchers **Thinking Through Pedagogy for Primary and Early Years** Tony Eaude, 2011-01-10 This practical accessible book encourages a deep often challenging consideration of how young children learn and how teachers and other adults best support their learning Essential reading for education students it draws on research and practice to help readers reflect critically on their beliefs and practice After comparing different views of

pedagogy it explores children's development and the importance of culture and context emphasising the attributes of successful learners relationships and the learning environment Readers are helped think through how different aspects of pedagogy are interlinked and consider the implications for breadth balance planning and assessment and continuing professional development

**The Balancing Act: An Evidence-Based Approach to Teaching Phonics, Reading and Writing** Dominic Wyse, Charlotte Hacking, 2024-06-20 Dominic Wyse and Charlotte Hacking present a ground breaking account of teaching phonics reading and writing Created from a landmark study new research new theory and cutting edge teacher professional development this balanced approach to teaching seeks to improve all children's learning and therefore life chances The book dismantles polarised debates about the teaching of phonics and analyses the latest scientific evidence of what really works It shows in vivid detail how phonics reading and writing should be taught through the creativity of some of the best authors of books for children By describing lessons inspired by real books it showcases why the new approach is more effective than narrow phonics approaches The authors call for a paradigm shift in literacy education The chapters show how and why education policies should be improved on the basis of unique analyses of research evidence from experimental trials and the new theory and model the Double Helix of Reading and Writing It is a book of hope for the future in the context of powerful elites influencing narrow curricula narrow pedagogy and high stakes assessments The Balancing Act will be of interest to anyone who is invested in young children's development It is essential reading for teachers trainee teachers lecturers researchers and policy makers world wide who want to improve the teaching of reading and writing in the English language

**Teaching Children 3-11** Anne D Cockburn, Graham Handscomb, 2011-11-11 Focusing on the major topics underpinning professional studies strands in primary and early years teacher education Teaching Children Three Eleven provides indispensable coverage of vital practical and conceptual issues that support good teaching practice This Third Edition of the popular textbook has been carefully revised following detailed lecturer feedback to meet the evolving needs of students training to teach across the three to eleven age range Featuring four new chapters on curriculum development cross curricular teaching diversity and inclusion and communication in the classroom and engaging with the growing need for Master's level study in teacher education the new edition offers a balanced contemporary overview of modern teaching practice in an engaging and accessible manner This is essential reading for all students on primary and early years initial teacher education courses including undergraduate BEd BA with QTS postgraduate PGCE SCITT and employment based routes into teaching It will also be invaluable for those starting out on their professional careers Anne Cockburn is Professor of Early Years Education at the University of East Anglia Graham Handscomb is Senior Manager in Strategic Development for School Improvement and Early Years at Essex County Council

Communication and Interaction in the Early Years Ann Clare, 2015-11-02 This important book is a thorough account of early communication covering bilingualism and specific areas of learning of reading and writing in early years It is well laid out informative and supportive with excellent case studies Eva

Mikuska Senior Lecturer at University of Chichester The role of the adult in the development of young children's communications skills through interaction is vital and this book will help you understand this and improve your practice Taking a chronological approach there is also a particular interest in the needs of two year olds including the Progress Check at Age Two and the revised requirements of the early years foundation stage The book features Case studies points for practice and links to video examples Coverage of bi or multilingual children Examples of enabling environments for communication and interaction Ideas of how to work best with parents Suitable for all those studying or practising in Early Childhood it will develop the way you think about communication and interaction
