Joint Admission Board Revision 2015:

Equality in Kenya's 2010 Constitution Victoria Miyandazi, 2021-02-25 This book makes a significant contribution to the ongoing global conversations on the various understandings of equality. It illuminates the many ways in which diverse equality guarantees clash or are interrelated. It also sets out principled approaches on how they can be coherently interpreted to address the myriad inequalities in Kenya. Taking a comparative approach, the book considers how other jurisdictions including the United States, United Kingdom, Canada, South Africa, India, and Botswana have approached the conceptualisation, interpretation, and application of various equality concepts. The book focuses on important issues such as transformative constitutionalism in relation to the interpretation of Kenya's 2010 Constitution, expanding the list of enumerated grounds for non-discrimination, affirmative action, accommodating religious and cultural diversity versus gender equality, the interrelation between socio-economic rights and status-based equality. *Gender Inequalities* Esra Ozdenerol, 2021-02-22 Gender inequality is entrenched in the cultural, political, and market systems that operate at household, community, and national levels. Global changes in market access, climatic conditions, and the availability of natural resources intensify disparities in income, assets, and in power among genders. This book aims to explain these gender dynamics at macro and micro levels through GIS and spatial analysis. The first part of the book introduces key concepts of how to integrate GIS in gender inequality research. The second part presents more in-depth case studies carefully selected such as mapping gender-based violence, gender inequality in the labor force, refugee mapping, etc. **Pediatric Neurosurgery Board Review** Nir Shimony, George Jallo, 2023-05-06 This specialized textbook will be dedicated to the various disease topics of pediatric neurosurgery and management strategies.
