and the Medieval Countryside Effie F. Athanassopoulos,2017-02-28 This volume presents the results of the medieval
component of the Nemea Valley Archaeological Project NVAP survey conducted from 1985 1990 The archaeological evidence
points to a proliferation of sites dating to the 12th 13th century A D There are two large sites and a substantial number of
small sites on the lower slopes of the hills surrounding the Nemea Valley and in smaller valleys in the southern part of the
survey area Archaeological evidence of settlements from the late 13th 15th century is scarce providing a contrast to the
patterns documented for the 12th late 13th century This study is thus also concerned with general trends and important
sociopolitical changes that affected such developments in the Nemea region in the medieval period *Weekly Times*
