Memorandum Life Sciences Paper Two 2014 Trial Exam:

The Trials of Nina McCall Scott W. Stern, 2018-05-15 The nearly forgotten story of the fight against the American Plan a government program designed to regulate women's bodies and sexuality A consistently surprising page turner a brilliant study of the way social anxieties have historically congealed in state control over women's bodies and behavior New York Times Book Review Nina McCall was one of many women unfairly imprisoned by the United States government throughout the twentieth century Tens probably hundreds of thousands of women and girls were locked up usually without due process simply because officials suspected these women were prostitutes carrying STIs or just promiscuous This discriminatory program dubbed the American Plan lasted from the 1910s into the 1950s implicating a number of luminaries including Eleanor Roosevelt John D Rockefeller Jr Earl Warren and even Eliot Ness while laying the foundation for the modern system of women's prisons In some places vestiges of the Plan lingered into the 1960s and 1970s and the laws that undergirded it remain on the books to this day Nina McCall's story provides crucial insight into the lives of countless other women incarcerated under the American Plan Stern demonstrates the pain and shame felt by these women and details the multitude of mortifications they endured both during and after their internment Yet thousands of incarcerated women rioted fought back against their oppressors or burned their detention facilities to the ground they jumped out of windows or leapt from moving trains or scaled barbed wire fences in order to escape And as Nina McCall did they sued their captors In an age of renewed activism surrounding harassment health care prisons women's rights and the power of the state this virtually lost chapter of our history is vital reading

Climate Change and Post-Political Communication Philip Hammond, 2017-11-28 For many years the objective of environmental campaigners was to push climate change on to the agenda of political leaders and to encourage media attention to the issue By the first decade of the twenty first century it appeared that their efforts had been spectacularly successful Yet just at the moment when the campaigners goals were being achieved it seemed that the idea of getting the issue into mainstream discussion had been mistaken all along that the consensus building approach produced little or no meaningful action That is the problem of climate change as a post political issue which is the subject of this book Examining how climate change is communicated in politics news media and celebrity culture Climate Change and Post Political Communication explores how the issue has been taken up by elites as potentially offering a sense of purpose or mission in the absence of political visions of the future and considers the ways in which it provides a focus for much broader anxieties about a loss of modernist political agency and meaning Drawing on a wide range of literature and case studies and taking a critical and contextual approach to the analysis of climate change communication this book will be a valuable resource for students and scholars of environmental studies communication studies and media and film studies

When Texas Prison Scams Religion Michael G. Maness, 2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a

literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars Resources in Education ,1998 America, History and Life ,1982 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **Government Reports Announcements & Index** ,1991 **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
