## **Khartoum The Ultimate Imperial Adventure:**

**Khartoum** Michael Asher, 2006-11-02 The British campaign in the Sudan in Queen Victoria's reign is an epic tale of adventure more thrilling than any fiction. The story begins with the massacre of the 11,000 strong Hicks Pasha column in 1883. Sent to evacuate the country, British hero General Gordon was surrounded and murdered in Khartoum by an army of dervishes led by the Mahdi. The relief mission arrived 2 days too late. The result was a national scandal that shocked the Queen and led to the fall of the British government. Twelve years later it was the brilliant Herbert Kitchener who struck back. Achieving the impossible, he built a railway across the desert to transport his troops to the final devastating confrontation at Omdurman in 1898. Desert explorer and author Michael Asher has reconstructed this classic tale in vivid detail. Having covered every inch of the ground and examined all eyewitness reports, he brings to bear new evidence questioning several accepted aspects of the story. The result is an account that sheds new light on the most riveting tale of honour, courage, revenge, and savagery of late Victorian times. **Buildings of Empire** Ashley Jackson, 2013-11 An exciting journey to thirteen buildings that capture the essence of the British imperial experience, painting an intimate portrait of the biggest empire the world has ever seen: the people who made it and the people who resisted it, as well as the legacy of the imperial project throughout the world. **Khartoum** Michael Asher, 2005 The British campaign in the Sudan in Queen Victoria's reign is an epic tale of adventure more thrilling than any fiction. The story begins with the massacre of the 11,000 strong Hicks Pasha column in 1883. Sent to evacuate the country, British hero General Gordon was surrounded and murdered in Khartoum by a vast army of dervishes commanded by the Mahdi. The relief mission arrived two days too late. The result was a national scandal that shocked the Queen and led to the fall of the British government. Twelve years later it was the brilliant Herbert Kitchener who struck back. Achieving the impossible, he built a railway across the desert to transport his troops to the final devastating confrontation at Omdurman in 1898. Desert explorer and author Michael Asher has reconstructed this classic tale in vivid detail. Having covered every inch of the ground and examined all eyewitness reports, he brings to bear new evidence questioning several accepted aspects of the story. *Slaves of Fortune* Ronald M. Lamothe, 2011 The Anglo-Egyptian reconquest of Sudan, Churchill's River War, has been well chronicled from the British point of view, but we still know little about its front-line troops, the Sudanese soldiers of the Egyptian Army. Making use of unpublished primary sources and published material located in the United Kingdom and Sudan, *Slaves of Fortune* provides an historiographic correction. It argues that nineteenth-century Sudanese slave soldiers were social beings and historical actors shaping both European and African destinies, just as their own lives were being transformed by imperial forces. Jacket **The Mahdi and Africa** John D. Grainger, 2025-11-30 The story of the Mahdi of Sudan is generally related from the British point of view, though it was more an African event. The Mahdi's uprising was the latest in a series of Islamic rebellions and wars which began in the eighteenth century. It also had a profound effect on the rest of North and East Africa, destroying the Egyptian Empire and provoking Ethiopia.

into a new unification which allowed it to successfully resist the Mahdists the Egyptians and the Italians it brought British forces forward from the East African coast as far as Uganda for fear that some European power would seize the sources of the Nile and block the river's flow Eventually but only after several humiliating defeats the Mahdist state was overthrown by a British invasion led by Kitchener and participated in by Churchill this also produced a difficult confrontation at Fashoda between the British conquerors and a French expedition sparking a European crisis The author sets the Mahdist war in the wider context of Africa and Islam and in the context of the development of African states but also with a glance forward to the present day where the most important development in Africa is the extensive Islamic uprising which is replicating that of the nineteenth century

The Sash on the Mersey Mervyn Busted, 2023-11-16 The book examines how an organisation originating in late eighteenth century Ireland became a significant and controversial element in Liverpool history Using a wide range of sources including rarely accessed Orange Order records it places the Order within an early nineteenth century Liverpool context of apocalyptic evangelical Protestantism a labour market dominated by irregular dock work a growing influx of immigrant Catholic Irish marked residential segregation and sporadic civil conflict It explores how the Order survived official disapproval dissolution and schism to become deeply rooted within Protestant working class communities It analyses the attractions of lodge life the appeal of ritual colourful regalia and 12th July processions the intense social bonding within lodges the mutual support provided in adversity and measure taken to guard and transmit their world view The intense royalism and patriotism of the Order and its troubled relationship with the Church of England are examined plus its role in sustaining the working class Tory vote which contributed to a century long Conservative hegemony in city politics The book concludes with the cultural and socio economic changes in British society which marginalised the core concerns of the Order triggering decline in strength visibility and significance in civic life

The British

Empire Mark Doyle,2018-06-29 An essential starting point for anyone wanting to learn about life in the largest empire in history this two volume work encapsulates the imperial experience from the 16th 21st centuries From early sixteenth century explorations to the handover of Hong Kong in 1997 the British Empire controlled outposts on every continent spreading its people and ideas across the globe and profiting mightily in the process The present state of our world from its increasing interconnectedness to its vast inequalities and from the successful democracies of North America to the troubled regimes of Africa and the Middle East can be traced in large part to the way in which Great Britain expanded and controlled its empire The British Empire A Historical Encyclopedia addresses a broader range of topics than do most other surveys of the empire covering not only major political and military developments but also topics that have only recently come to serious scholarly attention such as women s and gender history art and architecture indigenous histories and perspectives and the construction of colonial knowledge and ideologies By going beyond the headline events of the British Empire this captivating work communicates the British imperial experience in its totality     **African Business** ,2006     **African Research & Documentation** ,2007     **British Military Operations in Egypt and the Sudan** Harold E. Raugh,2008-05-02 The British Army s campaigns in Egypt and the Sudan from 1882 to 1899 were among the most dramatic and hard fought in British military history In 1882 the British sent an expeditionary force to Egypt to quell the Arabic Revolt and secure British control of the Suez Canal its lifeline to India The enigmatic British Major General Charles G Gordon was sent to the Sudan in 1884 to study the possibility of evacuating Egyptian garrisons threatened by Muslim fanatics the dervishes in the Sudan While the dervishes defeated the British forces on a number of occasions the British eventually learned to combat the insurrection and ultimately largely through superior technology and firepower vanquished the insurgents in 1898 British Operations in Egypt and the Sudan A Selected Bibliography enumerates and generally describes and annotates hundreds of contemporary current and hard to find books journal articles government documents and personal papers on all aspects of British military operations in Egypt and the Sudan from 1882 to 1899 Arranged chronologically and topically chapters cover the various campaigns focusing on specific battles leading military personalities and the contributions of imperial nations as well as supporting services of the British Army This definitive volume is an indispensable reference for researching imperialism colonial history and British military operations leadership and tactics     **The Literary Review** ,2005     **Into the Jaws of Death** Mike Snook,2008 British Military Disasters 1879 1900 The experience of colonial warfare brought vividly to life New insights into the characters of some of Victoria s most notable military commanders Tabulated orders of battle for all combatants Between the Crimean War and the dawn of the 20th century the British Army was almost continuously engaged in one corner of the globe or another in military operations famously characterized by Kipling as the savage wars of peace From Cairo to Cape Town hard pressed handfuls of British soldiers flogged across often impossible terrain and overcame a raft of logistic difficulties to bring a succession of resourceful enemies to battle When at length the protagonists met at close

quarters there were often startling unexpected and violent outcomes In his new work on the most dramatic Victorian campaigns Colonel Mike Snook deploys his professional expertise as a soldier in concert with his life long study of British military history to bring the most dramatic clashes of the age of empire back to life In the first of two volumes on the subject he focuses closely on defeat and disaster the occasions when things when badly awry for the British The names of these great battles Isandlwana Majuba Hill Khartoum Colenso Spion Kop and Magersfontein still resonate down through the ages In a wide ranging and meticulously researched military history the author exposes the true and sometimes embarrassing causes of defeat Overstretch political meddling military incompetence and petty jealousy all played their part Above all else however these are dramatic and perceptive accounts of mere mortal men struggling to deal with the often overpowering dynamics and horrors of 19th century warfare on the fringes of Empire Mike Snook is a serving officer of the Royal Regiment of Wales formerly the 24th He is the author *How Can Man Die Better and Like Wolves on the Fold* The Great Edwardian Naval Feud Richard Freeman,2009 This is the story of the clash between two gigantic personalities in the early years of the 20th century On one side was Admiral Lord Charles Beresford On the other side was the First Sea Lord Admiral Sir John Fisher **From Khartoum to Jerusalem** Rachel Mairs,2016-05-05 In 2014 a collection of papers was found on eBay a scrapbook inside which was written Testimonial Book of Dragoman Solomon N Negima The letters pasted into the testimonial book bear recommendations of Negima s services as dragoman a combination of tourist guide and interpreter in the Holy Land from travellers of different nationalities social classes religions genders and races Using these reference letters and the first hand published and unpublished accounts of the travellers themselves this book tells the stories of several such tourists including the intrepid Victorian female traveller Ellen E Miller and an African American minister Rev Charles T Walker who had been born into slavery Between the lines of others letters Solomon Negima s remarkable life story also emerges from a German mission school in Jerusalem to the British army in the Sudan to a successful career as a dragoman in Palestine and Syria and finally to comfortable retirement with his son Aziz and daughter Olinda at a Mormon mission in Jerusalem The discovery of this unique scrapbook allows us an insight into the lives of individuals whose histories would otherwise be lost to us and a new perspective on the history of travel in the Middle East

International Security and the United States Karl R. DeRouen,Paul Bellamy,2008 *Empire and the English Character* Kathryn Tidrick,1992-12-31 Examines the origins and effects of the imperial ethos The book traces the careers of esteemed imperial figures and shows how they sought to inspire an obedience in the colonized based not merely on duty but on love The result was a strange mixture of hypocrisy and racism 07-2010, 人人人 人人人 People of Today ,2006
