[Super Mario Sunshine Official Strategy Guide](#) Tim Bogenn, Brady Games, 2002 BradyGames Super Mario Sunshine Official Strategy Guide provides squeaky clean strategy, giving players everything they need to clean up the mess in every area and save Mario's vacation and his reputation. The complete walkthrough of every episode of the game will show players the path to collecting all 120 Shine Sprites, including the secret ones. The 3D maps pinpoint the locations of all 240 Blue Coins, while the Foreign Currency section details each coin individually. Gamers will win every challenge with maps and tactics for grabbing Red Coins, beating the clock, and getting the Secret Shines. The expert boss strategy will help players defeat the biggest baddies in the game. **Best Before** James Newman, 2012-08-21 Despite record sales and an ever-growing global industry, the simple fact is that videogames are disappearing. Most obviously, the physical deterioration of discs, cartridges, consoles, and controllers means that the data and devices will crumble to dust and eventually will be lost forever. However, there is more to the disappearance of videogames than plastic corrosion and bit rot. Best Before examines how the videogames industry's retail, publishing, technology, design, advertising, and marketing practices actively produce obsolescence, wearing out and retiring old games to make way for the always new, just out of reach, coming soon title and next generation platform. Set against the context of material deterioration and the discursive production of obsolescence, Best Before examines the conceptual and practical challenges faced within the

nascent field of game preservation Understanding videogames as rich complex and mutable texts and experiences that are supported and sustained by cultures of gameplay and fandom Best Before considers how and even whether we might preserve and present games for future generations *Super Mario 3D All-Stars - Strategy Guide*
