Giger, 2018-02-06 Why should you choose this guide book instead of any other Top 4 Reasons It's cheaper than other guide books Fellow other travellers and I tried everything in the travelguide ourselves and I describe in detail to you how we've done it so that you can travel to the sights on your own and can save money on expensive guided tours or means of transport

it's very light because you can access it from your phone or an e-reader it will give you lots of inspiration and tells you about hidden gems you don't want to miss it's the best DIY budget travel guide for Japan There are many great guide book options out there Deciding on one can even be a bit overwhelming When I travel I usually rely on Lonely Planet since in my opinion they manage it better than anybody else to mention the most interesting places and the best things to see and do plus you have it all compact in one book However there are two disadvantages since so many people work on the other guide books they are quite costly and if you carry them with you as a book they are also pretty heavy and take a lot of space Which I never have when I travel Somehow my suitcase or backpack always gets too full Therefore I always jot down some notes before I start my travels but I hardly ever carry a guide book with me except maybe as an e-reader The second thing I don't like about the other guide books is that even though they mention all the good places or transport options they don't explain how to do it For example what is the easiest option to go on a hike near Tokyo and even have a spectacular view on Mt Fuji Or how would the locals travel to this place and where would the locals eat In Japan it's really best if you know exactly where you want to go because of the language barrier I love Japan will help you overcome any of these difficulties In I love Japan you find all my personal experiences of my trips to Japan I loved every minute I spent in this versatile country Stunning mountain views bustling cities calm and beautiful temples and unexpected sights at which you can only stare in awe Not to mention the delicious Japanese food I planned all my trips carefully with ideas out of all the good guide books I could find so you don't have to spend this money anymore Plus I used TripAdvisor and many helpful blogs So if you want to have a more personal experience than the usual tourist and have some actual explanations how to have the best possible experience in a place this guide book is definitely right for you More info about other countries you find on my blog www.swissmissonstour.com If you need a fantasy novel to kill the time on your flight to Japan check out my novel Heart of Power Awakening of the Siren As a thank you if you buy I love Japan you will receive a free packing list and the highlights of my I love Japan travel guide I love Japan ebook categories Japan guide book Japan guidebook Japan travel guide Japan travel guide 2018 Japan tour book Japan vacation Japan Lonely Planet Japan travel Tokyo travel guide Haneda airport ebooks for kindle Japan best of Japan budget travel guide rail travel Tokyo Kyoto Travel guide Safe travels and eat a some gyozas for me
