Taxation in the Digital Economy Nella Hendriyetty,Chris Evans,Chul Ju Kim,Farhad Taghizadeh-Hesary,2022-07-11 A robust and efficient tax administration in a modern tax system requires effective tax policies and legislation Policy frameworks should cover all aspects of tax administration and include the essential processes of capturing processing analyzing and responding to information provided by taxpayers and others concerning taxpayers affairs By far the greatest challenges facing tax administrations in all countries

are those posed by the continuing developments in the digital economy Whereas societies are grappling to come to terms with the transitions from the third industrial or digital revolutions revenue authorities grapple with the consequences for the sustainability of their tax bases and the efficient administration and collection of taxes This book presents a critical review of the status of tax systems in Asia and the Pacific in the era of the digital economy The book suggests how countries can maximize their domestic resource mobilization when confronted by the challenges that digitalization inevitably produces as well as how they can best harness or take advantage of aspects of digitalization to serve their own needs The full implications of the COVID 19 crisis are still too uncertain to predict but it is clear that the crisis will accelerate the trend towards digitalization and also increase pressures on public finances This in turn may shape the preference for and the nature of both multilateral and unilateral responses to the tax challenges posed by digitalization and the need to address them This book will be a timely reference for those researching on taxation in digital economy and for policy makers The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Investigating White-Collar Crime Petter Gottschalk, 2017-11-03 This book examines internal fraud investigations in public and private organizations It provides a theoretical framework of white collar crime and convenience theory to examine a number of case studies including some cases brought to light by the Panama Papers Investigating white collar crime is distinguished from other types of crime by concealment of the crime rather than the criminal victims who may be unaware of the crime and not directly visible to the criminal and the resources available to suspects It requires a unique strategy and a unique set of tools This work provides insight into a number of internal investigation reports that are normally not publicly available It will be of interest to researchers in criminology and criminal justice particularly with an interest in white collar crime and corruption as well as related fields such as business management economics and public administration

Environmental, Social and Governance (ESG) Laws, Regulations and Practices in the Digital Era Peter Yeoh, 2022-01-13 In the past two decades the traditional role of corporate governance has been greatly augmented and transformed by increased attention to the importance of social inclusion in business decisions and of environmental impacts of business activities giving rise to the now well understood linkage among environmental social and governance ESG principles This book is the first to thoroughly analyze the ESG phenomenon as a tripartite corporate purpose model and the profusion of laws and regulations it continues to engender Drawing on perspectives from law economics and business management the book focuses on those ESG challenges that are most likely to impact companies in the coming years The author discusses such aspects of ESG law regulation and practice as the following impact of digitalization on ESG practices competing ESG perspectives and whether there are signs of convergence toward a more universal model impact of corporate ownership patterns review of hard and soft law responses corporate control under COVID 19 pandemic conditions workplace and workforce transformations various ESG related corporate scandals and

controversies ESG regulatory responses from international entities such as the Organisation for Economic Co operation and Development OECD and International Organization of Securities Commissions IOSCO and seminal ESG cases in various business sectors The emphasis throughout is on developments in the European Union the United States and the United Kingdom both because it is in those jurisdictions that ESG challenges have been and are most fully dealt with and because these economies taken together are likely to continue exerting dominating influence across the world What this book says about ESG provides pertinent insights and guidance for those seeking a better understanding of ESG practices and underlying theories across major economies With essential information and guidance for ESG law practitioners policymakers and academicians the book gives clarity and guidance as to who should lead the charge for ESG practices in business enterprises in major jurisdictional settings Its detailed coverage of best ESG practices will be welcomed by those conducting their business enterprises within approved regulatory perimeters

Transfer Pricing and Developing Economies

Joel Cooper,Randall Fox,Jan Loeprick,Komal Mohindra,2017-01-05 Recent years have seen unprecedented public scrutiny over the tax practices of Multinational Enterprise MNE groups Tax policy and administration concerning international transactions aggressive tax planning and tax avoidance have become an issue of extensive national and international debate in developed and developing countries alike Within this context transfer pricing historically a subject of limited specialist interest has attained name recognition amongst a broader global audience that is concerned with equitable fiscal policy and sustainable development Abusive transfer pricing practices are considered to pose major risk to the direct tax base of many countries and developing countries are particularly vulnerable because corporate tax tends to account for a larger share of their revenue This handbook is part of the wider WBG engagement in supporting countries with Domestic Resource Mobilization DRM by protecting their tax base and aims to cover all relevant aspects that have to be considered when introducing or strengthening transfer pricing regimes The handbook provides guidance on analytical steps that can be taken to understand a country s potential exposure to inappropriate transfer pricing transfer mispricing and outlines the main areas that require attention in the design and implementation of transfer pricing regimes A discussion of relevant aspects of the legislative process including the formulation of a transfer pricing policy and the role and content of administrative guidance is combined with

the presentation of country examples on the practical application and implementation of the arm's length principle and on running an effective transfer pricing audit program Recognizing the importance of transfer pricing regulation and administration for the business environment and investor confidence this handbook aims to balance the general objective of protecting a country's tax base and raising additional revenue with investment climate considerations wherever appropriate

Illustrative IFRS Consolidated Financial Statements for 2015 Year Ends PricewaterhouseCoopers (Firm),PwC,2015-09-09

This illustrative set of financial statements for companies reporting under International Financial Reporting Standards is based on the requirements of IFRS standards and interpretations for financial years beginning on or after 1 January 2015 Written by the technical accounting team at PricewaterhouseCoopers LLP Manual of Accounting New UK GAAP Iain Selfridge,PricewaterhouseCoopers LLP,PwC,Helen McCann,Helen Beeby,2015-06-17 Manual of Accounting New UK GAAP forms part of the PwC Manual of Accounting series and addresses what is generally expected to be the last significant change in structure in UK Financial Reporting In the first quarter of 2013 the Financial Reporting Council after years of debate in the accountancy profession issued Financial Reporting Standards 100 102 which will largely replace the existing set of UK Financial Reporting Standards 29 Standards in force plus one for smaller companies Companies are free to adopt these standards now but the likelihood is that most will wait until the mandatory adoption date of 1st January 2015 Manual of Accounting New UK GAAP addresses the requirements of FRS 102 which is the new UK GAAP and will be adopted by all companies not wanting to move to IFRS and who are too large to implement the Financial Reporting Standard for Smaller Entities which in 2015 can be applied by companies with a turnover of 6 500 000 per year and a balance sheet of 3 260 000 per year While the requirements of FRS 102 are in some ways less onerous than the existing UK set of standards there will still be a large onus on companies and their advisors to plan properly as they make the transition to adopting the new standard There are a number of factors accountants need to consider in adopting the new standard such as the way in which a number of areas will be accounted for e.g subsequent expenditure on fixed assets leases and employee benefits Also the terminology of the new standard will be unfamiliar to many and there will be some changes to the format of the financial statements Readers will benefit from the usual well structured and practical nature of the commentary Worked examples are prevalent and as new editions are published examples from real life companies will be added The book focusses on each area of the financial statement in turn and explains how they are treated by FRS 102 as opposed to the existing UK GAAP There are chapters covering various specialist sectors such as agriculture financial institutions oil and gas insurance and public benefit entities The final chapter gives some guidance on the processes that need to be considered as businesses make the transition from the existing set of standards to FRS 102 Manual of Accounting PricewaterhouseCoopers LLP.
