
MANUAL CONTRACT DOCUMENTS FOR HIGHWAY WORKS

INTRODUCTION TO THE MANUAL OF CONTRACT DOCUMENTS FOR HIGHWAY WORKS - 7TH EDITION INCLUDING THE AUGUST 1993 AMENDMENTS

What is it:

- The Specification for Highway Works has become a standard component of UK highway contracts since its introduction in 1951.
- It has developed through six previous revisions.
- As a result it has become a more lengthy and complex document.
- Highways version of CESMM
- MNHW is free on highways website

Barriers to Trade:

- Some believe that it too much restriction to the Contractor, by specifying product name rather than by end performance.
- In recent years pressure has grown on the DoT (Department of transport), to relax some of these constraints.
- This will encourage the development of innovative procedures and new materials.
- It will also remove potential barriers to trade which may prevent the use of otherwise acceptable products from other EC member states.

Changes from the 6th edition:

- It is the barrier to trade, and the emergence of the Single European Market led to the Seventh Edition of the SHW.
- Consequently a commission was led to:-
 - Amend the 6th Edition of the SHW to take account of European legislation, and amendments and republish.
 - Revise associated documents to changes in SHW such as contract documents.
- Directive 83/189 meant that "technical regulations" had to be notified to the European commission, who would issues there objections on submitted information
- The documents were first updated to take account of technical amendments and then examined to remove potential barriers to trade.
- The SHW, Notes for Guidance and Highway Construction Details were then submitted to the EC and consultation with various UK bodies was carried out during the notification period.

Ease of Use:

- There was a need to improve the user-friendliness of contract documentation.
- In recognition of this it was decided that a loose-leaf manual comprising all the documents necessary for a highway would be the best solution.
- It was also decided to reintroduce the Notes for Guidance to the MNHW as it is poorly understood.

Future Updates:

- The new Specification is standard documentation.
