The Metrosexual Guide to Style Michael E. Flocker,2003-09 **The Metrosexual** David Coad,2014-02-07 How do you explain Dennis Rodman s dyed hair tattoos and pierced body parts Why are there so many athletes stripping for men s underwear ads Besides sport what do Pat Riley Alex Rodriguez and Ian Thorpe have in common And why has David Beckham been compared to Louis XIV In this fascinating exploration of past and present celebrity athletes David Coad shows how gender roles for men are undergoing a revolutionary change Once famous for their lack of style off the field professional players are now fashion conscious trendsetters Looking at certain stellar sports figures of the past such as Joe Namath and Jim Palmer who were at the vanguard of reinterpreting gender roles Coad goes on to examine their primped out and pimped out contemporary successors those athletic peacocks in their furs silks and diamonds who embody metrosexuality widen its focus and demonstrate the range of experiences open to today s male **American Menswear from the Civil War to the**

Twenty-First Century, Second Edition Daniel Delis Hill,2024-01-20 In a glance at American menswear over the past 150 years change has been sometimes glacial in its evolution sometimes regressive and nostalgic and other times abrupt and revolutionary In this study of American menswear from the Civil War to the twenty first century that evolution is chronicled and documented with more than 700 illustrations In addition to the main categories of suits sportswear and outerwear each era also includes a detailed examination of sleepwear underwear swimwear hats neckwear footwear and accessories Further Daniel Delis Hill examines not only American men s dress and the structures of the menswear industry but also the historical and socioeconomic drivers that affected men s style particularly the shifting conventions and iconoclasm of American ideas and ideals of masculinity

Masculinities in Theory Todd W. Reeser,2011-09-15 Masculinities in Theory is a clear concise and comprehensive introduction to the field of masculinity studies from a humanities perspective Serves as a much needed introduction to the field for students and scholars of cultural studies literature art film communication history and gender studies Includes discussions of gay queer feminist and gender studies in relation to masculinity Covers the key theoretical approaches to the study of masculinity and introduces new models Explores the question What is masculinity and how does it work Looks at language discourse signification power cross dressing female queer and transsexual masculinity race and masculinity nation and masculinity interracial masculinities and masculinities in history **Of Beards and Men**

Christopher Oldstone-Moore,2017-03-21 Beards they re all the rage these days Take a look around from hip urbanites to

rustic outdoorsmen well groomed metrosexuals to post season hockey players facial hair is everywhere The New York Times traces this hairy trend to Big Apple hipsters circa 2005 and reports that today some New Yorkers pay thousands of dollars for facial hair transplants to disguise patchy juvenile beards And in 2014 blogger Nicki Daniels excoriated bearded hipsters for turning a symbol of manliness and power into a flimsy fashion statement The beard she said has turned into the padded bra of masculinity Of Beards and Men makes the case that today s bearded renaissance is part of a centuries long cycle in which facial hairstyles have varied in response to changing ideals of masculinity Christopher Oldstone Moore explains that the clean shaven face has been the default style throughout Western history see Alexander the Great s beardless face for example as the Greek heroic ideal But the primacy of razors has been challenged over the years by four great bearded movements beginning with Hadrian in the second century and stretching to today s bristled resurgence The clean shaven face today Oldstone Moore says has come to signify a virtuous and sociable man whereas the beard marks someone as self reliant and unconventional History then has established specific meanings for facial hair which both inspire and constrain a man s choices in how he presents himself to the world This fascinating and erudite history of facial hair cracks the masculine hair code shedding light on the choices men make as they shape the hair on their faces Oldstone Moore adeptly lays to rest common misperceptions about beards and vividly illustrates the connection between grooming identity culture and masculinity To a surprising degree we find the history of men is written on their faces
