

## Interpreting Actual Measures into Scale Drawings

Look at the building.

This building shows it's actual measurements.

4m x 7cm

What are the actual measurements of this building?

That's right, all measures within it are 4m and 7cm.

## Scale Drawings

A scale drawing is a drawing of an object that has the same different measures as the drawing.

For example:

A wall may have real life measurements of 4m x 7cm. However, there is no way you could draw these actual measurements on paper.

For this reason, we use scale drawings.
