*Digital Indonesia* Edwin Jurriens, 2018-02-14 This book places Indonesia at the forefront of the global debate about the impact of disruptive digital technologies Digital technology is fast becoming the core of life work culture and identity Yet while the number of Indonesians using the Internet has followed the upward global trend some groups e the poor the elderly women the less well educated people living in remote communitie are disadvantaged This interdisciplinary collection of essays by leading researchers and scholars as well as e governance and e commerce insiders examines the impact of digitalisation on the media industry governance commerce informal sector employment education cybercrime terrorism religion artistic and cultural expression and much more It presents groundbreaking analysis of the impact of digitalisation in one of the world s most diverse geographically vast nations In weighing arguments about the opportunities and challenges presented by digitalisation it puts the very idea of a technological revolution into critical perspective

**The Organisation of Crime and Harm in the Construction Industry** Jon Davies, Hanna Malik, 2024-04-30 Drawing on empirical work and secondary analysis from the UK and Finnish construction industries this book contributes a deep rooted analysis of construction industry harms that originate from corporate industrialstate processes The UK context arguably represents a classic neoliberal system categorised by privatisation of services and minimal regulation whereas Finland broadly provides a social democratic alternative with its relatively strong national regulation and public sector oversight of industry These concepts interlink strongly with the notion of state corporate crime since this perspective shifts attention away from individualistic explanations for crime and harm towards symbiosis between states and corporations This book argues that existing explanations based on organised crime and individual rogues are insufficient to account for the wider range and subtlety of harms that occur in construction and therefore offers a unique perspective into organisational industry and state dynamics in this sector An accessible and compelling read this book will appeal to students and scholars of criminology sociology organized crime and those interested in harms in the construction industry

Fraud and Corruption Peter C. Kratcoski, Maximilian Edelbacher, 2018-09-14 This textbook provides an overview of the major types of fraud and corrupt activities found in private and public agencies as well as the various methods used to prevent fraud and corruption It explores where opportunities for fraud exist the personal characteristics of those who engage in fraud as well as their prevention and control This work covers fraud in the financial sector insurance health care and police organizations as well as cybercrime It covers the relationship between fraud corruption and terrorism criminal networks and major types of personal scams like identity theft and phishing Finally it covers the prevention and control of fraud through corporate whistle

blowing investigative reporting forensic accounting and educating the public This work will be of interest to graduate level students as well as upper level undergraduates in Criminology Criminal Justice particularly with a focus on white collar and corporate crime as well as related fields like business and management      *The Algorithmic Society* Marc Schuilenburg, Rik Peeters, 2020-12-29 We live in an algorithmic society Algorithms have become the main mediator through which power is enacted in our society This book brings together three academic fields Public Administration Criminal Justice and Urban Governance into a single conceptual framework and offers a broad cultural political analysis addressing critical and ethical issues of algorithms Governments are increasingly turning towards algorithms to predict criminality deliver public services allocate resources and calculate recidivism rates Mind boggling amounts of data regarding our daily actions are analysed to make decisions that manage control and nudge our behaviour in everyday life The contributions in this book offer a broad analysis of the mechanisms and social implications of algorithmic governance Reporting from the cutting edge of scientific research the result is illuminating and useful for understanding the relations between algorithms and power Topics covered include Algorithmic governmentality Transparency and accountability Fairness in criminal justice and predictive policing Principles of good digital administration Artificial Intelligence AI in the smart city This book is essential reading for students and scholars of Sociology Criminology Public Administration Political Sciences and Cultural Theory interested in the integration of algorithms into the governance of society      **Criminality at Work** Alan Bogg, Jennifer Collins, Mark Freedland, Jonathan Herring, 2020-03-12 From the Master and Servant legislation to the Factories Acts of the 19th century the criminal law has always had a vital yet normatively complex role in the regulation of work relations Even in its earliest forms it operated both as a tool to repress collective organizations and enforce labour discipline while policing the worst excesses of industrial capitalism Recently governments have begun to rediscover criminal law as a regulatory tool in a diverse set of areas related to labour law modern slavery penalizing irregular migrants licensing regimes for labour market intermediaries wage theft supporting the enforcement of general labour standards new forms of hybrid preventive orders harassment at work and industrial protest This volume explores the political and regulatory dimensions of the new criminality at work from a wide range of disciplinary perspectives including labour law immigration law and health and safety regulations The volume provides an overview of the regulatory terrain of criminality at work exploring whether these different regulatory interventions represent politically legitimate uses of the criminal law The book also examines whether these recent interventions constitute a new pattern of criminalization that operates in preventive mode and is based upon character and risk based forms of culpability The volume concludes by reflecting upon the general themes of criminality at work comparatively from Australian Canadian and US perspectives Criminality at Work is a timely rich and ambitious piece of scholarship that examines the many intersections between criminal law and work relations from a historical and contemporary vantage point      The Parliamentary Debates (official Report).
