**Español Para El Estudiante Bilingüe** Angela Carrasquillo,Philip Segan,2013-10-14 This dual language text provides theory  
and methodology for teaching reading in Spanish to Spanish English bilingual or Spanish dominant students The goal is to  
help educators teach these students the skills necessary to become proficient readers and thus successful in the school  
system At the very core of the book are the hispano parlantes the Spanish speaking children who bring to the schools along  
with their native language and cultures a wealth of resources that must be tapped and to whom all educators have a  
responsibility to respond True to the concepts of developing bilingual educators to serve bilingual students the text presents  
chapters in English and Spanish Each chapter is written in only one language at the preference of the author Thus to be  
successful with this book the reader must be bilingual Themes emphasized in the text include current reading methodologies  
the concept of reading as developmental literacy skills reading in the content areas new views of the development of  
proficiency in the second language issues related to students with special learning needs assessment and the uses of

technology in the delivery of instruction Never losing sight of its goal to teach reading in Spanish to bilingual or Spanish dominant students the book includes a series of focusing questions and follow up activities these are not simply translations of existing activities strategies and techniques intended for monolingual English students but specifically designed to be appropriate for Spanish speaking students Directed to university preservice and in service instructors of reading and bilingual education as well as administrators and district and school level staff developers who work with Hispanic populations the book is sensitive at all times to nuances of the languages and cultures of the intended audiences
