Made Easy Guide For Gate:

Osces Made Easy: A Guide For Medical Students And Junior Doctors Joshua Rainer Kapp, Beat Moeckli, Samuel Kaser, Joe Rosenthal, 2024-10-08 OSCEs Made Easy is tailored for undergraduate medical students and postgraduate medical trainees. It is a practical guide on how to prepare rigorously and systematically for OSCEs and to secure yourself a high scoring result. A compilation of personal revision notes combined with stories about what works well, the objective of this book is to provide every final year medical student with the information we wish we had known going into OSCE revision. For what it is worth, all of us contributing to this book passed the OSCEs with distinctions. This book is not just an exam crammer. It is also an excellent resource for the first years on the clinical wards challenged by a complex patient on the cardiology ward or for those who forgot how to properly examine a patient with a neurological complaint in the emergency room. The reader of this book will be provided with the resources to take a focused history, perform a proper examination and prescribe and do basic procedures.

Human Design Made Easy Ilona Pamplona, 2024-12-03 An easy to use guide to Human Design which divides us all into five different personality types according to how we make decisions and use our energy. This clear, easy-to-use guide teaches how to determine energy type in addition to key concepts about how each informs how the mind works, how to communicate with friends and family, and what occupations and work styles will help each type achieve their goals most effectively. In addition, author Ilona Pamplona, a Human Design coach, offers type-specific strategies for connecting with intimate partners, tips for how to avoid burnout and become open to new opportunities, and exercises for cultivating talents and identifying areas for improvement. Useful and enlightening for anyone curious about Human Design, in addition to those who would like to learn more. *Human Design Made Easy* is a perfect introduction to this fascinating and empowering method of self-understanding.
