Magenta: Noir Fatale, No Price Nik Guerra, 2014-07 Raucous mix of femme fatales bondage and noir this very handsome new series is risqu and kinky but just like burlesque in how teasing and creative it is without going overboard When Kinky Winky bondage models Magenta and Lucretia hear of fellow models disappearing at an alarming rate they volunteer to investigate uncovering the seamy underbelly of London of the thirties **Magenta Noir Fatal** Nik Guerra, 2017

**Magenta** Nik Guerra, 2014 When Kinky Winky bondage models Magenta and Lucretia hear of fellow models disappearing at an alarming rate they volunteer to investigate Together they uncover a heady world of bondage blackmail and double crossing as they head further and further into the underworld of 1930s London This is a cheeky risque adventure with plenty of tease and sleaze without going too far overboard Plenty of naughty thrills and an involving storyline make this a classy addition to the burgeoning Eurotica series **I Could Not Call Her Mother** Leslie J. Lindenauer, 2013-11-22 Stories of the stepmother the substitute mother or the other mother have infused popular culture for centuries and continue to do so today She plays a substantial role in our collective imagination whether we are a part of a step family or not Despite the fact that the stepmother remains a prevalent figure both in popular culture and reality scholars have largely avoided addressing this fraught figure **I Could Not Call Her Mother** explores representations of the stepmother in American popular culture from the colonial period to 1960 The archetypal stepmother appears from nineteenth century romance novels and advice literature to 1930s pulp fiction and film noir Leslie J Lindenauer argues that when considered in her historic context the stepmother serves as a bellwether for changing constructions of motherhood and family She examines popular culture s role in shaping and reflecting an increasingly normative middle class definition of the ideal mother and family which by the 1920s became the dominant construct Lindenauer adds to the rich and growing literature on the history of motherhood It echoes and is informed by the scholarship that has defined ideal motherhood as a moving target historically constructed In so doing it illuminates the relationship between ideal motherhood and ideal womanhood **Neo-Noir** Mark Bould, Kathrina Glitre, Greg Tuck, 2009-06-30 Neo noir knows its past It knows the rules of the game and how to break them From Point Blank 1998 to Oldboy 2003 from Get Carter 2000 to 36 Quai des Orf vres 2004 from Catherine Tramell to Max Payne neo noir is a transnational global phenomenon This wide ranging collection maps out the terrain combining genre stylistic and textual analysis with Marxist feminist psychoanalytic and industrial approaches Essays discuss works from the US UK France Japan South Korea Hong Kong and New Zealand key figures such as David Lynch the Coen Brothers Quentin Tarantino and Sharon Stone major conventions such as the femme fatale paranoia anxiety the city and the threat to the self and the use of sound and colour Lighting for Cinematography David Landau, 2014-06-26 A how to book on the art craft and practice of lighting for film video for students and filmmakers **Hello, Norma Jeane** Elisa Jordan, 2023-11-15 Her unforgettable image is seared into the minds of fans everywhere and her private life continues to inspire headlines and controversy but Marilyn

Monroe is one of the most famous and misunderstood women in the world and remains a mystery to most people Hello Norma Jeane cuts through the rumors and myths to present the real person behind the queen of movies and pop culture From her chaotic childhood in Depression era Los Angeles to her rise in the world of Hollywood and finally her untimely death Hello Norma Jeane explores the legendary star s family history connection to the movies from childhood her personal life as an adult and her interest in continually educating herself Hello Norma Jeane is compulsively readable instead of chronological dates and dry accounts of events there are chapters about specific aspects of her life and career What did Marilyn like to eat What types of books did she read Was she really plus size Did she nearly bring down a political empire And how did she actually die This book explores everything and vividly brings to light the truth about the world s greatest movie star where do all the broken things float?
