Marketing Communication in African Languages Abiodun Salawu, Kehinde Oyesomi, 2024-12-23 This edited volume considers the use of African languages for marketing communication The importance of an indigenous language stems from its benefits which include increased comprehension and a sense of resonance among the target audience which makes it more memorable as opposed to foreign languages Chapters in the book variously examine African traditional advertising and marketing popular culture as a channel for advertising and marketing political communication advertising and marketing commercials and public relations in African languages as well as branding corporate and public communication in African languages The use of African languages for marketing communication is considered on the traditional mass media and the digital media Readers will gain a lot of insights into the theory and practice of marketing communication in African languages

**Routledge Handbook of Industry and Development** John Weiss, Michael Tribe, 2015-09-16 The Routledge Handbook of Industry and Development is a global overview of industrialisation Each chapter will provide readers with

contemporary insights into this this essential aspect of economic development Industrialisation has been at the forefront of discussion on economic development since the earliest days of development economics But over the last fifty years the manufacturing sectors of different countries and regions have grown at strikingly different rates In 1960 developing countries took a very small share of global manufacturing production Today the position had changed radically with fast growth of manufacturing in many parts of what was originally the developing world particularly in China and the rest of East Asia On the other hand countries in Africa and parts of Latin America have been largely left behind by this process of industrialisation This volume aims to illuminate this uneven development and takes stock of the current issues that hinder and support industrialisation in low and middle income economies This Handbook is a collection of chapters on different aspects of industrialisation experience in a range of countries Key themes include the role of manufacturing in growth the nature of structural change at different stages of development the role of manufacturing in employment creation alternative options for trade and industrial policy the key role of technology and technical change and the impact of globalisation and the spread of global value chains and foreign direct investment on prospects for industrialisation Several chapters discuss individual country experiences with examples from India Mexico South Africa and Tanzania as well as an overview of African industrialisation This authoritative Handbook will be a key reference source for those studying or wishing to understand contemporary economic development Offering inspiration and direction for future research this landmark volume will be of crucial importance to all development economics scholars and researchers

Strategy for the Global Market Vladimir Kvint, 2015-10-05 In the twenty first century the global community constantly strives to bring structure and order to the world through strategic means From the highest levels of governments and militaries to multilateral institutions NGOs and corporations a strategy for the future of a company region country or even the world is tantamount to success Yet few understand what strategy actually is and how it can be developed planned and implemented Strategy for the Global Market combines a fundamental study of the theory of strategy with its practical applications to provide a new approach to the global emerging market Due to the technological transformations in communications and transportation and the birth and development of both the global community and the global marketplace over the past twenty years the world's population and corporations are in much closer contact with their counterparts across the globe than ever before This has led to increasing competition and even rivalries Understanding the strategic environment as well as solving problems either through amicable means or conflict requires the powerful instrument of strategy to remain efficient and to triumph Features of this book include Methodology and practical recommendations for all stages of developing and implementing strategy A comprehensive guide with explanations and descriptions for the preparation and orderly compilation of all necessary strategy documents Real world examples taken from corporate government and military strategizing practices in emerging market countries and the global marketplace This book should be on the desk of every national regional and military leader

corporate executive manager and student of strategy      *Research Methods in Anthropology* H. Russell Bernard, 2017-11-17

*Research Methods in Anthropology* is the standard textbook for methods classes in anthropology.
