LG NeON[®]2

LG 365/370N1C-N5

THE HIGH PERFORMER

UP TO 21.4% MODULE EFFICIENCY

Awards Received By LG Solar™

THE NeON[®] 2 - THE PANEL OF THE FUTURE AVAILABLE TODAY

The LG NeON[®] 2 has seen many improvements in the past years, from longer warranties to lower degradation. This panel is ideal for homes seeking a visually pleasing solar panel and for roofs where space is tight or where future system expansions are considered e.g. to incorporate battery storage.

The LG NeON[®] 2 panels with their double sided cells and CELLO technology absorb light from the front and the back of the cell. This technology sets a new standard for innovation and was recognised with the Photovoltaic Innovation Award at the Intersolar Industry Event in Germany. LG also won the 2016 Intersolar award for our new NeON BiFacial range.

Great Visual Appearance

LG NeON[®] 2 panels have been designed with appearance in mind. Their black cells, black frames and thinner wire busbars give an aesthetically pleasing uniform black appearance. Your home deserves the LG NeON[®] 2.

More Power per Square Metre

LG NeON[®] 2's 370W are a similar physical size to many competing 330W panels. This means with the LG NeON[®] 2 370W you get 1.2% more electricity per square metre than a 330W panel. So you can install more kW of solar on your roof with the LG NeON[®] 2.

25 Years Product Warranty (Parts & Labour)

The LG product warranty is many years longer than many competitors' standard 10 or 12 years. The Warranty is provided by LG Electronics Australia and New Zealand. The warranty includes replacement, labour and transport.

Improved 25 Year Performance Warranty

The initial degradation of the module has been improved from -3% to -2%, in the 1st year and the annual rate of degradation has fallen from -0.7%/year to -0.33%/year thereafter. This brings an 90.08% warranted output after 25 years, compared to 80.7% for many competing panels.
