Kentucky Brown Bread Recipe:

Mrs. Owens' New Cook Book and Complete Household Manual Frances Emugene Owens, 1897 **The Hot Brown** Albert W. A. Schmid, 2018-04-05 The Hot Brown Sandwich is a delicious staple of culture and heritage in Louisville Kentucky Originally created at its namesake the Brown Hotel the Hot Brown began as turkey on bread covered in Mornay sauce and topped with tomato wedges and two slices of bacon and has developed into an entire industry of fries pizza salads and more Chef Albert W A Schmid offers a wealth of recipes for the notorious sandwich and reveals the legends and stories that surround the dish For example it may have had humble beginnings as a tasty way to use up kitchen scraps or it could have been invented to ward off hangovers scandalous since the first Hot Browns were served during the Prohibition Schmid treats readers to an exceptional collection of recipes for the legendary sandwich and hotel cuisine scrumptious enough to whet any appetite including the Cold Brown served during the summer Chicken Chow Mein the Brown Hotel Way and Louisville inspired cocktails such as the Muhammad Ali Smash **Making the Farm Kitchen Pay** Adeline O. Goessling, 1914 *The Successful Housekeeper* Milon W. Ellsworth, Mary Wolcott Janvrin, 1882 *The People's Home Recipe Book* Alice Gitchell Kirk, 1920 **Cooking in America, 1840-1945** Alice L. McLean, 2006-08-30 This cookbook covers the years 1840 through 1945 a time during which American cookery underwent a full scale revolution Gas and electric stoves replaced hearth cookery Milk products came from commercial dairy farms rather than the family cow Daily meals were no longer bound by seasons and regions as canned bottled and eventually frozen products flooded the market and trains began to transport produce and meat from one end of the country to the other During two World Wars and the Great Depression women entered the work force in unprecedented numbers and household servants abandoned low paying domestic jobs to work in factories As a result of these monumental changes American home cooking became irrevocably simplified and cookery skills geared more toward juggling time to comb grocery store shelves for the best and most economical products than toward butchering and preserving an entire animal carcass or pickling fruits and vegetables This cookbook reflects these changes with each of the three chapters capturing the home cooking that typified the era The first chapter covers the pre industrial period 1840 to 1875 during this time home cooks knew how to broil roast grill fry and boil on an open hearth flame and its embers without getting severely injured They also handled whole sheep carcasses made gelatin from boiled pigs trotters grew their own yeast and prepared their own preserves The second chapter covers 1876 through 1910 a time when rapid urbanization transformed the United States from an agrarian society into an industrial giant giving rise to food corporations such as Armour Swift Campbell s Heinz and Pillsbury The mass production and mass marketing of commercial foods began to transform home cooking meat could be purchased from a local butcher or grocery store and commercial gelatin became widely available While many cooks still made their own pickles and preserves commercial varieties multiplied From 1910 to 1945 the period covered by Chapter 3 the home cook became a full fledged consumer and the national food supply became

standardized to a large extent As the industrialization of the American food supply progressed commercially produced breads pastries sauces pickles and preserves began to take over kitchen cupboards and undermine the home cooks ability to produce their own meals from scratch The recipes have been culled from some of the most popular commercial and community cookbooks of the nineteenth and early twentieth centuries Taken together the more than 300 recipes reflect the major cookbook trends of the era Suggested menus are provided for replicating entire meals **Bread--the Vital Food**
